Overview of the Agency's ongoing MTW goals and objectives

The Housing Authority of the County of San Mateo (HACSM) is committed to increasing the housing choices for families, developing administrative efficiencies, and promoting the self-sufficiency of the program participants. The flexibilities of the MTW program have allowed HACSM to collaborate with many county stakeholders to further support the residents of San Mateo County through program re-design and innovation.

To meet the goal of increasing administrative efficiencies, HACSM has re-designed the processes for both initial and on-going eligibility determinations, easing the burden on both participants and Housing Authority staff and increasing the timeliness of the process. Building on the success of the HQS inspection activities in FY2010, HACSM has moved to a biennial schedule for inspections of all subsidized units, with the provision that all units at all times must continue to meet HUD Housing Quality Standards.

To support increased housing choice for families, HACSM recognized the limitation of an across-the-board regulation requiring families pay no more than 40% of their income to housing at initial lease-up, but having no such requirement for on-going residency. By lifting this requirement, families have the option to move to less-poverty dense neighborhoods and exercise greater personal choice in their housing decisions. At the same time, HACSM created an affordability safety net that prevents families from overburdening themselves with excessive rental commitments.

Promoting a participant's self-sufficiency has long been a goal of HACSM. This goal has resulted in families leaving the program through homeownership, increasing their income potential through education and employment advancement, and personal growth and increased financial understanding. This FY2011, HACSM expanded the self-sufficiency component to include a provision of monetary rewards for participants who complete educational goals as well as increase their credit scores and savings, all of which are acknowledged to be challenging areas for someone striving to be self-sufficient.

Increasing self-sufficiency was also a main goal in the creation of HACSM's Housing Readiness Program. In collaboration with stakeholders from the County's "Ten-Year Plan to End Homelessness," HACSM entered into contract with homeless advocates and shelter providers to complement their case management services with housing assistance for a period of three years.

HACSM's "block-grant" funding status and newly executed Attachment D, "Broader Use of Funds", see Appendix I for more information, allows HACSM to use funds in even more creative ways to meet the needs of low income families in San Mateo County.

SECTION II – General Housing Authority Operating Information

A. Housing Stock Information

1. Number of public housing units at the beginning of the year: 180

Development	Type	Number of Units
El Camino Village	Family	30
Midway Village	Family	150*

*One unit is dedicated for use by the Resident Association

2. Planned significant capital expenditures (>30% of the HACSM's total budgeted capital expenditures for the fiscal year):

HACSM plans to use approximately \$200,000 of FY 2012 Capital Funds for the construction of a critically necessary retaining wall and drainage system at El Camino Village. The project will also create space for the creation of a children's play area and a family picnic area. The remainder of the anticipated funds (approximately \$80,000) will be used to replace 10 kitchens at Midway Village (\$50,000) and to finish landscaping and lighting upgrades at Midway Village.

3. New public housing units to be added during the year:

HACSM is not planning to add new public housing units during the year.

4. Public Housing units to be removed from the inventory during the year:

On January 27, 2011, HUD approved the disposition of Midway Village. Replacement vouchers and funding were received by HACSM in April. As of May 1, 2011 all eligible Midway Village families were issued vouchers and all 150 units became project-based voucher units in accordance with previous MTW plans.

The disposition application for El Camino Village was not approved at this time. The application will be updated with current financials and other data and resubmitted to HUD in September 2011. If approved, all 30 units of El Camino Village will also become project-based voucher units in accordance with previous MTW plans.

5. Rental Assistance Programs

HACSM currently serves over 4,300 households under the Housing Choice Voucher (Section 8), Moderate Rehabilitation, Family Unification, VASH, Shelter Plus Care, and Supportive Housing Programs. The table below lists the number of allocated units under each program.

Program	Units Authorized in HACSM'S ACC
Housing Choice Voucher (Section 8)	4023
Family Unification (non-MTW)	40
VASH (awarded June 1, 2010, non-MTW)	25
Moderate Rehabilitation (non-MTW)	130
Shelter Plus Care (non-MTW)	157
Supportive Housing (non-MTW)	34

As discussed in the previous section, at such time as HACSM's demo/dispo application is approved, and all units are project based, HACSM will see 180 additional HCV project based units.

6. Housing Choice Voucher Units to be Project-Based:

Of the 4,172 Housing Choice Vouchers (Section 8), 534 are project-based. HACSM plans to increase the number of project-based vouchers from its allocated funding in the future. In FY2010 HACSM completed the selection process for one new project which will be entitled to 47 units of project-based vouchers. HACSM entered into AHAP with the property owner in FY2011.

Additionally, HACSM will seek replacement vouchers for the 30 Public Housing units (El Camino Village) planned to be disposed and transitioned to Project-Based Vouchers.

HACSM projects a total of 100 vouchers to be project-based in FY2012.

Listed below are HACSM's current project-based properties:

Property Name	City	Total Units
Delaware Place	San Mateo	16
Edgewater Isle	San Mateo	91
Half Moon Village	Half Moon Bay	60
Hillside Terrace	Daly City	16
Hilton Street	Redwood City	6
Magnolia Plaza	South San Francisco	48
Midway Village	Daly City	150
Newell Housing	East Palo Alto	10
Pacific Oak Associates	Pacifica	50
Pine Street	Redwood City	6

Redwood Oaks	Redwood City	33
Robbin's Nest	San Carlos	6
St. Matthew	San Mateo	18
Willow Terrace	Menlo Park	11
The Woodlands	East Palo Alto	13

B. Leasing Information, Planned

Program	Anticipated Lease-Up Rate	Number of Units to be Leased
Public Housing	98%	29
Housing Choice Voucher (Section 8)	98%	4089
Family Unification (non-MTW)	98%	39
VASH (non-MTW)	100%	25
Moderate Rehabilitation (non-MTW)	98%	127
Shelter Plus Care (non-MTW)	100%	157
Supportive Housing (non-MTW)	100%	34

There are no issues related to any of the rental assistance programs; demand is strong and the agency works diligently to rapidly fill any vacancy or voucher turnover.

*NOTE: VASH vouchers were awarded in July 2010. Since then, HACSM has been working closely with the San Francisco VA Medical Center to jump start the program.

As of 6/1/2011, there were 5 VASH leased up with 12 VASH voucher holders searching for suitable housing.

C. Waiting List Information

HACSM currently maintains the following waiting lists:

- Public Housing
- Section 8 Housing Choice Voucher
- Project-Based
- Moderate Rehabilitation

Public Housing

The HACSM Public Housing Program waiting list is closed except for its 4 bedroom units. Since all other public housing units are fully occupied at this time, only turnover units will need leasing activity. If HUD approves HACSM's disposition application, the current applicants on the Public Housing waiting list will be moved to the Site-Based Project-Based waiting list for the former Public Housing Properties.

Section 8 Housing Choice Voucher

In July 2008, HACSM opened the waiting list for the HCV Program. Over 23,000 households applied during the one week opening period. All completed applications submitted by the deadline were put into an eligible pool. From that pool, HACSM conducted a lottery and randomly selected 3,600 applications to be placed on the waiting list. Since the HCV Program is nearly 100% leased-up, only turnover vouchers will need leasing activity.

Currently, the waiting list for the HCV Program is closed. HACSM does not anticipate opening of the HCV waiting list in FY2012.

In July 2009, HACSM was awarded 40 FUP Family Unification Program (FUP) vouchers. HACSM has been reviewing its HCV waiting list and working with San Mateo County Families and Children Services to identify FUP-eligible families and youths for the program. As of June 1, 2011, HACSM has utilized 30 FUP vouchers. The FUP program will remain open until the 40 awarded slots are filled.

Project-Based

HACSM has an open and combined waiting list for all its Project-Based properties. Applicants indicate which properties they are interested in. Since all Project-Based units are fully occupied at this time, only turnover units will need leasing activity.

Effective June 2011, HACSM is conducting a purge of the Project-Based waiting list to determine a more accurate number, and the next logical steps.

Moderate Rehabilitation

HACSM's Moderate Rehabilitation Program waiting list is currently open. HACSM works closely with the property owner to fill 100% of the Moderate Rehabilitation units which are located at a single apartment complex.

HACSM will consider closing of the Moderate Rehab waiting list in FY2012 due to the high number of waiting list applicants and low turnover rate.

Note: Applicants for the Shelter Plus Care, Supportive Housing Programs, Family Unification, Housing Readiness program (a 2008-2009 MTW initiative within the HCV program), and VASH are referred to HACSM by homeless service providers and other community partners. HACSM does not keep waiting lists for the Shelter Plus Care, Supportive Housing, Family Unification Program, VASH, or the Housing Readiness Program.

SECTION III– Non-MTW Related Housing Authority Information

(Optional)

A. List planned sources and uses of other HUD or other Federal Funds (excluding HOPE VI);

HACSM functions as a component of the San Mateo County Department of Housing (DOH). The DOH administers such HUD funded programs as CDBG, HOME and ESG (Emergency Shelter Grant), as well as housing rehabilitation and first time home buyer programs. It also serves as the administrative unit of HEART, the county's housing trust fund, and provides very active policy and planning leadership in a wide-range of affordable housing initiatives throughout San Mateo County. As part of the DOH, the Housing Authority is in an excellent position to participate in a broad range of housing and community development activities as well as coordinate its programs with the county's emergency housing/shelter safety net.

HACSM also works closely with the HOPE Plan, the County's 10-year plan for ending homelessness. The Housing Authority was an active partner in developing the comprehensive plan that was released in 2006 and remains active in implementation planning and activities.

A recent example of the synergy resulting from these collaborative efforts is HACSM's new Housing Readiness Program. More fully described in Section VI, On-Going Activity #2 of this Plan, the Housing Readiness Program is a 80-voucher initiative to further the HOPE Plan's "housing first" philosophy. These time-limited vouchers are being made available to hard-to-house homeless families who do not meet criteria for the Shelter Plus Care or Supportive Housing Programs through a HOPE-related partnership of safety-net agencies.

B. Description of non-MTW activities proposed by the Agency

HACSM did not implement any non-MTW activities in the last MTW Plan year.

SECTION IV– Long-Term MTW Plan

(Optional)

Describe the Agency’s long-term vision for the direction of its MTW program, extending through the duration of the MTW Agreement.

HACSM’s ability to combine resources, through the funding fungibility of the MTW block grant, removes financial barriers and gives HACSM the freedom to better address local program priorities and the community needs in San Mateo County.

The following are some of the potential initiatives that HACSM will explore for the 2011-2012 MTW Plan year:

Serve More Families

The number of households that qualify for rental assistance in San Mateo County far exceeds the number of vouchers available. In July 2008, when HACSM opened its Housing Choice Voucher program waiting list, over 23,000 families applied. By lottery, 3,600 households were selected for the waiting list, the number that HACSM can reasonably expect to interview over the next three years to identify households qualifying for potential turnover vouchers. Because the vouchers allocated to HACSM are fully utilized, only 20 vouchers (approximately) per month become available, due solely to average turn-over created by families who leave the program.

In order to serve more families in San Mateo County, with this very limited and valuable resource, HACSM may propose to institute a time-limit to the housing subsidy for all new applicant households that are not designated senior or disabled households. The time limit will be approximately 5-7 years, with a renewal option for senior and disabled households. As always, at such time as this activity is included in HACSM’s Annual Plan, HACSM will also develop an appropriate hardship policy.

Expand Community Partnerships and Commitments with Support Service Providers

Prior to the implementation of the initiative (Serve More Families) as stated above, the HACSM will develop partnerships with service providers to support families in job training, financial training and furthering of education. The community partnerships could include activities such as:

- Establish a Housing Scholarship-Type Program

The Housing Scholarship Program is an award program that joins job training with housing subsidy. The scholarships are time limited and intended to support the family’s personal, educational and financial growth opportunities.

- Green Jobs Training programs

Recognizing San Mateo County's green job initiatives, HACSM is preparing to be a part of the solution to the housing needs for those entering green job training programs.

- Financial Services educational programs

Building upon the training programs available to the current MTW participants, HACSM is researching potential partnerships with financial services to provide financial training and specialized savings programs for all HACSM HCV (Section 8) participants.

Expand Quality Assurance Program

HACSM recognizes the importance of a strong quality assurance department to ensure the timeliness and quality of the work performed. As such, HACSM will continue to expand its Quality Assurance program to include any and all new programmatic innovations.

Expand Affordable Housing Partnerships and Project-Based Programs

HACSM will use its MTW flexibility to assist in the development of new or rehabilitated affordable housing by strategically project-basing HCV vouchers as a key financial component. Project-basing's contractual obligation for long-term unit availability is also important in our perennially tight housing market.

SECTION V - Proposed MTW Activities
HUD approval requested

Activity #21: **Change qualifications for “Full-Time Student” Status**

A. Description of activity

Currently, all family members except the head of household, co-head, or spouse, over 18 years old can qualify for “Full-Time Student” (FTS) status provided they are meeting the FTS subject load of the institution they are attending. HACSM is proposing to modify this standard to encourage family members to seek and gain higher educational opportunities in a timely manner and through attendance at accredited institutions. In order for a family member, other than the head, co-head, or spouse to qualify for the FTS status, and hence the dependent deduction and income exclusion, the family member must be less than 24 years old, a FTS at an accredited institution, and they must provide a transcript of their full-time student status at all subsequent recertification appointments.

B. Relationship to a statutory objective

Increase HACSM's administrative efficiencies.

C. Anticipated Impact on stated objective

HACSM's expectation is that program participants will pursue educational opportunities at stable, accredited institutions in a more deliberate and timely manner and at the same time streamline HACSM processes. The time and cost savings through this activity would afford HACSM the ability to develop further self-sufficiency activities for program participants.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established FY2011)

1. 258 Households with 295 Full-Time Students in total, 33 of which are 24 years old, or older.
2. On average, HACSM excludes \$453,738 per year from the annual income of 25 households with FTS who are 24 years old, or older.

Benchmarks

1. HACSM expects a 100% decrease (33 fewer FTS participants) in the total number of FTS designations for household members who are 24 years old, or older. It's important to note that due to HACSM's generous hardship policy and biennial recertification schedule for elderly/disabled households, HACSM may not meet the benchmark for this activity until FY2014.

2. By FY2014, HACSM projects a 100% decrease (addition of \$453,738 in income included in the household's annual income) in the total excluded income of households with FTS who are 24 years old, or older.

Metrics and Schedule

1. Comparison of the number of FTS, 24 years old or older, before and after implementation
2. Comparison of the excluded income for FTS over 24 years old before and after implementation

E. Data collection process

HACSM is creating an additional certification for households claiming FTS for their family members. HACSM will use this certification and its database to collect and review the data at least annually.

F. Authorizations based on Attachment C

The proposed activity is authorized in HACSM's MTW Agreement, Attachment C, (D) 2 (a) which waives certain provisions of Section 8(o)(1), 8(o)(2), 8(o)(3), 8(o)(10), 8(o)(13)(H)-(I) of the 1937 Act and 24 C.F.R. 982.508, 982.503, 982.516, 982.518 and 982 Subpart E.

G. Processes for rent reform initiatives

- Board Approval
 - See Appendix III
- Impact Analysis

HACSM reviewed several key aspects of this proposed activity including the potential financial impact for the household.

 - In total there are 295 FTS in HACSM's MTW program.
 - 123 FTS between the ages of 18-23 also have earned income. The implementation of this activity would not have any financial impact on these households, as HACSM would continue to exclude all earned income over the first \$480 and then apply a dependent deduction.
 - Currently there are 33 households with a FTS who is 24 years old, or older. Of the students who are 24 years old or older, 25 have income that is excluded from the household's gross annual income. The financial impact on the tenant rent portion for the 25 households with FTS 24 years old, or older who also have income, ranges from Zero (\$0) to an additional \$975 per month. For these households, HACSM would give the option of a Hardship review and potential calculation based on the traditional HCV policies for one additional recertification term.
 - Households with individuals who are currently in the program as FTS and who will be turning 24 shortly after implementation (within the next 12

months), will have the ability to request a hardship review and upon review may be eligible to have their rent portion based on the traditional HCV policies for one additional recertification term.

HACSM is also reviewing and has created a database to track, during FY2012, all requests for FTS status through the recertification process. Part of the tracking will include whether or not the student is attending an accredited institution. Until HACSM has this data, we are unable to project the potential impacts for the participants.

- Annual Re-evaluation
 - HACSM will review this policy and its impacts at least annually.
- Hardship
 - As stated above, at the time of implementation of this activity, current participants with FTS in the household would have the ability to ask for a hardship review. Please see Appendix IV for further details regarding HACSM's Hardship Review process.
- Transition Period
 - Upon HUD approval, HACSM will immediately implement this activity for all new participants from the waitlist. For all current participants the activity would become effective at next recertification or interim, whichever comes first.
- Public Hearing
 - See Appendix II

Activity #22: Include Foster Care, KinGap, and Adoption Assistance payments in Annual Income calculation

A. Description of activity

Currently the income that a family receives for the care of foster children or foster adults as well as adoption assistance is excluded from the annual income calculation. Building on earlier “Rent Simplification Activities”, HACSM is proposing to include foster care, Kin Gap, and adoption assistance payments in the determination of annual adjusted income. In San Mateo County’s Foster Parent Handbook, foster care payments are “intended to cover housing, food, clothing, personal needs, transportation, education and recreation.” HACSM will include all income provided to the family for the purpose of foster care, Kin Gap and adoption assistance in the annual income calculation. To help offset this inclusion of foster care and adoption assistance income, HACSM will provide a dependent allowance for foster children, disabled foster adults, and adopted children.

B. Relationship to a statutory objective

This activity addresses the MTW statutory objective to give incentives to families with children whose head of household are working, seeking work, or are participating in job training, education or other programs that assist in obtaining employment and becoming economically self-sufficient. Additionally, this activity addresses the objective of Federal cost savings through removing a policy that essentially results in “over-subsidization” of families on the Section 8 program who are also receiving payments from other government agencies (ex. Human Service Agency) that are supposed to be applied to the housing needs of the family.

C. Anticipated Impact on stated objective

HACSM’s intention with this MTW activity is that it will help families to budget and manage their available financial resources. It will decrease their dependence on assistance for housing expenses and prepare them to achieve self-sufficiency. And, this activity also has the potential to increase HACSM’s ability to reallocate funds to serve additional low-income families in San Mateo County.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established FY2010)

1. Earned income, on average, for households with foster care payments is \$21,622 annually.

Benchmarks

1. A 5% increase, on average, in earned income from households receiving foster care payments.

Metrics and Schedule

Comparison of average earned income of participant families before and after implementation

E. Data collection process

HACSM will use its reporting tools to review, at least annually, a report that depicts the households with foster care children and adults and the trend in their earned income.

F. Authorizations based on Attachment C

The proposed activity is authorized in HACSM's MTW Agreement, Attachment C, (D) 2 (a) which waives certain provisions of Section 8(o)(1), 8(o)(2), 8(o)(3), 8(o)(10), 8(o)(13)(H)-(I) of the 1937 Act and 24 C.F.R. 982.508, 982.503, 982.516, 982.518 and 982 Subpart E.

G. Processes for rent reform initiatives

- Board Approval
 - See Appendix III
- Impact Analysis
 - Due to the small number of participants who receive Foster Care, KinGap, and/or Adoption Assistance payments, HACSM was able to thoroughly review the potential impacts of this activity on each household. Of all 4023 vouchers, there are only 20 households who are currently receiving Foster Care, KinGap, and/or Adoption Assistance payments.
 - On average, the annual earned income of each household is approximately \$21,622. When the foster care and adoption assistance payments are included in the average annual income, the new average household income increases to \$32,925. When the dependant allowance is also included in the calculation, the new average household income becomes \$30,996.
 - When the average change in annual adjusted income (including the foster care and adoption assistance payments, and dependant deductions) are compared to the current foster care and adoption assistance payments that are excluded, on average there is an increase of approximately \$792, annually.
 - Of the 20 households with foster children/adults, 8 are elderly/disabled households.
 - Based on the above information, it is clear that for the majority of households, having the impetus to increase their financial self-sufficiency would be very beneficial.
- Annual Re-evaluation

- HACSM will review the impact and success of this MTW activity at least annually and make any necessary adjustments at that time.
- Hardship
 - HACSM has a very generous Hardship policy for all MTW rent reform activities. As described in Appendix IV, if a household experiences a monthly increase of more than \$25 due solely to an MTW rent reform initiative, HACSM will calculate their rent according to the traditional HCV policies for an additional recertification term.
- Transition Period
 - Effective July 1, 2011, upon HUD approval, HACSM will begin implementation of this activity.
 - Families receiving foster care income, who are already on the program at implementation, will be eligible for Hardship consideration at their 1st recertification appointment. According to HACSM's Hardship Policy, if the household is experiencing a monthly rent increase of more than \$25 due solely to this MTW activity, they will have their rent calculated with the Foster Care Payments excluded for an additional recertification term.
 - For new participants, current participants who become foster parents, or foster parents adding new foster children or foster adults to their household, this activity would become effective immediately at their next action, recertification or relocation, whichever comes first.
- Public Hearing
 - See Appendix II

Activity #23: Modify Head Of Household (HOH) changes policies

A. Description of the activity

Current HUD regulations do not restrict changes in family composition and/or head of household designation. In order to encourage families towards self-sufficiency and reach more eligible households on the HCV waitlist, HACSM is proposing to implement the following policies regarding the activities surrounding changes in the head of household.

HACSM policies will include the following:

- The individual becoming the new HOH must be in the household for at least the previous 12 consecutive months, **and**
- At the time of the HOH change, the household would join the time-limited MTW Self-Sufficiency program. However, if the household is already enrolled in the time-limited MTW Self-Sufficiency program, the remaining household members would only be eligible for the remaining term, not an additional term.

With the implementation of this activity, HACSM recognizes the following exceptions to the automatic enrollment in HACSM's MTW Self-Sufficiency program:

- If the newly designated HOH is elderly/disabled, they will have the ability to "opt out" of the time-limited MTW Self-Sufficiency program if they so choose;
- If the change is the result of domestic violence;
- If the new HOH is an original household member (at the time admitted to the HCV program, or as far back as possible through files, or PIC data); or
- When the change in HOH is the result of a temporary guardian becoming the permanent guardian of existing minors on the housing application.

B. Relationship to a statutory objective

This activity addresses the MTW statutory objective of increasing HACSM's administrative efficiencies.

C. Anticipated Impact on stated objective

HACSM anticipates that as a result of this activity, the number of head of household changes will decrease, more households will join HACSM's MTW Self-Sufficiency program, and HACSM will be able to assist additional families from the waitlist due to voucher turnover.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established FY2011)

1. On average, HACSM completes approximately 2 changes in HOH per month (24 annually).
2. In FY2010, approximately 240 vouchers turned over at an average rate of approximately 20 per month.

Benchmarks

1. HACSM expects a 25% decrease (6 fewer head of household changes annually) due to this activity.
2. A 10% increase in voucher turnover (an additional 2 vouchers per month). It is important to note that this is a long-term benchmark as due to the MTW time limited self-sufficiency term, this benchmark will not be reached until 2016 at the earliest (5 years following implementation).

Metrics and Schedule

1. HACSM will compare the number of head of household changes before and after implementation.
2. Currently HACSM tracks voucher utilization on a regularly occurring basis. HACSM will use this data to track any changes or trends due to the implementation of this activity in FY2012.

E. Data collection process

HACSM is developing data tracking spreadsheets to collect and monitor the data of this MTW activity, at least annually, and of any new trends.

F. Authorizations based on Attachment C

The proposed activity is authorized in HACSM's MTW Agreement, Attachment C, (D) 2 (a) (d) which waives certain provisions of Section 8(o)(1), 8(o)(2), 8(o)(3), 8(o)(7), 8(o)(10), 8(o)(13)(F)-(I) of the 1937 Act and 24 C.F.R. 982.508, 982.503, 982.518 and 982 Subpart L and 983 Subpart E and Attachment C, (D) 3 (b) which waives certain provisions of 24 CFR 982.516 and 982 Subpart E.

G. Processes for rent reform initiatives

This activity does not include rent reform initiatives.

Activity #24: Change Automatic Termination of HAP Contract from 180 days to 90 days

A. Description of activity

Currently, at such time as a household's rent portion equals or exceeds 100% of the contract rent for the subsidized unit, the household can remain on the HCV program for 180 consecutive days. HACSM is proposing to reduce that timeline to 90 consecutive days. HACSM plans to modify its locally designed HAP Contract to further reflect this change.

B. Relationship to a statutory objective

Increase the self-sufficiency of program participants and increase administrative efficiencies.

C. Anticipated Impact on stated objective

As a result of this activity, HACSM expects that program participants who are paying 100% of the contract rent will no longer require housing subsidy. This activity will demonstrate HACSM's expectation of their continued self-sufficiency and personal success, without the lingering need for governmental assistance. Additionally, setting the timeline to 90 days will align this program policy with the HACSM policies such as voucher expiration, absence from a subsidized unit, etc.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established on data from FYE2010)

1. 24 Households left the HCV program due to "Zero" HAP status.
2. 10 Households experienced household composition changes or a decrease in income such that an interim recertification was processed and the household remained on the HCV program.

Benchmarks

1. Annually, 2 additional households (26 households in total) will graduate from the HCV program due to the "Zero" HAP 90 day policy.
2. Annually, 1 additional household (11 households in total) will successfully graduate from the HCV program rather than needing continued assistance.

Metrics and Schedule

HACSM will review the data collected at least annually.

E. Data collection process

HACSM will maintain a database of participants who reach a "Zero" HAP status and review it at least on an annual basis.

F. Authorizations based on Attachment C

The proposed activity is authorized in HACSM's MTW Agreement, Attachment C, (D) 1 (a) which waives certain provisions of Section 8(o)(7) of the 1937 Act and 24 C.F.R. 982.162

G. Processes for rent reform initiatives

This activity does not include rent reform initiatives.

Activity #25: Exclude asset income from income calculations for households with assets under \$50,000

A. Description of activity

Currently, HACSM is required to verify and include income from assets regardless of the asset value. Although HACSM has streamlined its verification process of assets under \$50,000 (see Ongoing MTW Activity #8), few applicants or participants have asset income amounts that significantly impact their total household income. Additionally, based on quality assurance file reviews, the asset income calculation continues to be problematic for staff, causing an unnecessary administrative burden to the agency.

HACSM is proposing to eliminate calculating or including income received from family assets under \$50,000. HACSM will continue to collect applicant and tenant-provided documentation regarding assets of all family members; however, if total assets of the family amount to less than \$50,000, HACSM will no longer calculate asset income in the family's total annual income and will no longer report the asset income to HUD through the HUD-50058.

HACSM has determined that this proposed policy change would have a negligible impact on HACSM's subsidy payments due to the fact that 99% of all current participants have assets less than \$50,000 and on average their total asset are \$1,265 with a resulting total asset income of \$6.00 annually. When this is combined with HACSM's TST rent reform activity (see On-Going Activity #9), HACSM expects an overall zero net cost to the agency.

B. Relationship to a statutory objective

The proposed MTW activity will increase administrative efficiencies and thereby reduce administrative costs.

C. Anticipated Impact on stated objective

The proposed activity will simplify the income calculation process and will generate significant staff time reduction in processing initial eligibility determinations and regular reexaminations.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established on data from FYE2010)

1. HACSM's quality assurance team (QA) has determined that approximately 9% (34 of 408 files reviewed annually) of all file reviews fail due to errors related to assets, most notably, assets under \$50,000.

Benchmarks

1. A 100% reduction in calculation errors due to assets as determined through the quality assurance file review process.

Metrics and Schedule

HACSM will review the data collected as a result of QA file review process at both before and after implementation of this activity.

E. Data collection process

HACSM will collect data on participants total number of assets and their dollar value and the results of HACSM's QA file review results.

F. Authorizations based on Attachment C

The proposed activity is authorized in HACSM's MTW Agreement, Attachment C, (D) 1 (c) and (D) 3 (b) which waives certain provisions of Section 8(o)(5) of the 1937 Act and 24 C.F.R. 982.516, and 982 Subpart E.

G. Processes for rent reform initiatives

- Board Approval
 - See Appendix III
- Impact Analysis
 - Through HACSM's impact analysis, it was determined that 99% of HACSM's participants (4094 of 4146 households) have reported assets valued at less than \$50,000. The \$50,000 threshold was chosen to coincide with HACSM's third party verification activity (see MTW Activity # 8), as well as maintain a cost neutral impact for HACSM and the participants. On average, the income each participant family realizes as a result of their asset accounts equals approximately \$6.00 annually, less than \$.50/month. This change in the annual adjusted income calculation should have little to no impact on the participant's rent portion or HACSM's HAP costs.
 - HACSM currently has 52 participants with assets valued at more than \$50,000. This activity will allow HACSM to maintain the same high level of scrutiny of households who may have assets over \$50,000.
 - Since HACSM will continue to collect asset information from participants, HACSM will be able to determine whether or not participants' asset income will need to be included in the annual adjusted income calculation.
- Annual Re-evaluation
 - HACSM will review the impact and success of this MTW activity at least annually and make any necessary adjustments at that time.
- Hardship
 - Implementation of this activity should have no adverse effects for any participants. In fact, this activity should positively impact participant's

increasing financial self-sufficiency by simplifying the recertification process and allowing the household to potentially increase their over-all savings.

- Transition Period
 - Due to the fact that there should be no adverse effect of this activity on participant's, HACSM will implement the activity effective July 1, 2011 at the initial eligibility appointment, or at the next action with the current participants, including recertification, interim, or relocation.
- Public Hearing
 - See Appendix II

Activity #26: **Commitment of MTW Funds for leveraging in the creation of additional affordable housing in San Mateo County**

A. Description of activity

HACSM is proposing to commit up to \$4,000,000 of MTW funds for the development of additional affordable (low income, very low income and extremely low income) housing in San Mateo County. The re-programmed funds will be used to leverage additional investment funds that will be substantially larger than the HACSM commitments. Development activities may include site acquisition, substantial rehabilitation of existing stock, and development of new units. All applicable federal regulations, e.g. environmental, labor, etc., will be followed.

Two current examples of developments that will increase the number of affordable units once they can obtain sufficient development financing are Half Moon Village and Midway Village. HACSM has entered into an Exclusive Negotiations Agreement with Mid-Peninsula Housing to re-develop Half Moon Village, a 60-unit affordable senior housing property. This re-development, expected to cost approximately \$57 million, includes a multi-faceted approach with other senior service providers to use the existing land to create a senior “campus.” The Half Moon Village portion of the project will consist of 160 new units of affordable housing, an increase of 100 units versus the current 60.

Other partners, on adjacent land comprising the “campus” (separately owned and developed with no Housing Authority financing) will include a broad continuum of care for senior-related services, some of which may include the following, assisted living and hospice services as well as medical and food services. Groundbreaking for the Half Moon Bay Senior Campus is slated for December 2012. HACSM has also recently completed a Section 18 disposition of Midway Village, a 150-unit Public Housing property in Daly City. Again, having the ability to leverage funds would give HACSM the ability to significantly increase the number of affordable units when the property begins the re-development process in the near future.

B. Relationship to a statutory objective

Increase the housing choices for low income families in San Mateo County by increasing the availability of affordable housing.

C. Anticipated Impact on stated objective

HACSM anticipates that this MTW activity will positively impact low income families in San Mateo County through the use of housing funds to actually increase the total number of affordable housing units. HACSM plans to project base up to 160 vouchers for the Half Moon Bay redevelopment project, 60 of which have been in long-standing use by the existing Half Moon Village. Due to the current paucity of affordable housing development funds, having these MTW funds available for leveraging will enable achievement of the objective which otherwise could not be achieved.

D. Baselines, benchmarks, metrics and schedules

Baselines (Established on data from FYE2011)

3. HACSM has not previously invested MTW funds in the creation of affordable housing.
4. HACSM has expended \$0 annually for affordable units in San Mateo County.

Benchmarks

3. HACSM will see the creation of at least 20 affordable units per \$1,000,000 invested.
4. Through leveraging of \$4,000,000 MTW funds (or portion thereof), HACSM expects at least 10 times the proportional amount (\$40,000,000 for the full amount) will be available for affordable housing in San Mateo County.

Metrics and Schedule

HACSM will review the data collected at least annually.

E. Data collection process

HACSM will continue to review the annual budget and block grant funds and review it at least on an annual basis.

F. Authorizations based on Attachment D, "Use of MTW Funds"

The proposed activity is authorized in HACSM's MTW Agreement, Attachment D, which waives certain provisions of Section 3(b)(2)

G. Processes for rent reform initiatives

This activity does not include rent reform initiatives.

On-Going MTW Activity #1: MTW/FSS Program (in coordination with community self-sufficiency partners)

A. Description of the activity

HACSM's MTW program was first implemented in May 2000. It was originally developed to respond to welfare reform and thus was fashioned to focus almost exclusively on improving families' self-sufficiency in preparation for the conclusion of their welfare assistance. The core design of HACSM's original MTW program consisted of limiting Housing Choice Voucher assistance to a maximum of six years, while at the same time offering self-sufficiency services to those participants. In order to reach the target population, HACSM only accepts new admissions through a referral process. The referring agency may be a county welfare or social service department, drug treatment facility, and/or homeless shelter. In addition to referring eligible families for admission to the MTW program, these same referring agencies have signed agreements with HACSM to provide appropriate case management services to the family throughout the term of their subsidized housing assistance.

All MTW Self-Sufficiency participants are required to participate in HACSM's Family Self-Sufficiency (FSS) program, which requires families to be gainfully employed and free of welfare assistance 12 months prior to the end of the FSS contract. Non-compliance with the FSS contract is cause for termination of housing assistance. HACSM collaborates with county and non-profit service providers to prepare MTW households to be economically self-sufficient in the very expensive San Mateo County housing market upon graduation. See Appendix Four for more information on HACSM's hardship policy.

B. Update on the status of the activity

The MTW Self-Sufficiency program incorporates a network of local service providers to assist program participants to achieve economic self-sufficiency. 240 families have entered the program since HACSM began its second round of outreach in late 2007. While a majority of the program participants are still within their six-year contract term, 17 have exited the program early due to a variety of reasons. Of the 17 families that exited early, 10 had an increase in employment income. HACSM enrolled four (4) new families into the program because of the turnovers. HACSM will continue to use the turnover vouchers to admit eligible families to its time-limited programs, including the Housing Readiness program.

Effective July 1, 2011, HACSM will change the term of participation to five (5) years for all new MTW Self-Sufficiency participants.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #2: Housing Readiness Program (in coordination with community supportive service providers)

A. Description of the activity

In July 2008, HACSM received HUD approval to implement its Housing Readiness Program.

The impetus for the program came through HACSM's partnerships with San Mateo County's Center on Homelessness and other providers of homeless services. The goal of this partnership was to develop and implement a pilot housing program to serve up to 60 homeless individuals and families. Program participants have the ability to receive rental subsidy for up to three years while at the same time having continued access to various support programs. At the end of the three-year term, successful graduates may transfer to other affordable housing programs, managed by other community partners. This program responds to critical needs identified in San Mateo County's comprehensive 10-year plan to end homelessness and follows the "housing first" strategy. The program includes formal research components via the HUD Homeless Management Information Systems (HMIS).

The 60 vouchers for the Housing Readiness Program were a carve-out from the original 300 MTW voucher allocation. As is the case with the original MTW participants, Housing Readiness participants do not have the ability to use their voucher for portability to another housing authority.

B. Update on the status of the activity

Since the inception of the program in early 2009, 58 homeless individuals and families have been assisted under the Housing Readiness program. These families came from a variety of places such as shelters and institutions. Because all of the program participants are still within their contract terms, there have been no hardship requests as of the reporting date.

As a result of a research study that was completed in 2010, several recommendations were provided to increase the positive outcomes for Housing Readiness participants, including more robust case management from the supportive service providers and possible changes to the voucher term. HACSM is currently in discussions with the referring agencies to determine whether or not there is a need to modify the term of participation and the support services needed for housing stability.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators. However, in early 2010, HACSM entered into a contract with a Mills College graduate student to complete a policy research project on the

Housing Readiness Program. The results of this research project are being used by HACSM and the referring agencies to fine tune the program policies and necessary modifications for participant success.

On-Going MTW Activity #3: Elimination of 40% affordability cap at initial move in/lease up

C. Description of the activity

The original MTW contract, executed in 2000, allowed HACSM to eliminate all limits on the proportion of household income that could be spent on housing costs for its initial 300 time-limited MTW Self-Sufficiency participants. In the FY2009-2010 MTW Annual Plan, HACSM received HUD approval to expand this initiative to the entire HCV program.

This MTW activity was designed to support a family's ability to have greater housing choice, through having access to cities throughout San Mateo County. Prior to July 2009, many HCV applicants, leasing up for the first time, and participants, in the relocation process, were unable to secure housing outside high poverty areas due to the restrictive 40% affordability cap.

It was fortunate that HACSM's Leasing Team had been successful in negotiating with owners to reduce contract rents to a level that would meet the 40% cap requirement. However, there were also numerous times that HACSM had to deny Requests for Tenancy Approvals (RTAs) that were only nominally higher than the 40% cap. As a result, many families lost the units or owners accepted a lower amount with a shorter lease term, only to increase the rent to the original amount after the initial lease term expired because the 40% cap did not apply to existing participants with continued occupancy.

HACSM continues to play a major role in negotiating rents on behalf of the participant when needed and has established safeguards to ensure the tenant portion of rent is affordable to the participant. Safeguards include, but are not limited to:

- Discussion of rent affordability with the participant before move-in
- Outreach to property owners to increase housing availability
- A calculation tool that shows the tenant portion of rent in relation to his/her income and also requires supervisory approval procedures if the tenant rent burden is over 50% of their annual adjusted income.

D. Update on the status of the activity

Not having a fixed affordability cap provides for more housing choices for participants. Because HACSM continues to assist in rent negotiation to ensure that the tenant rent is within a reasonable level, 91% of the households pay less than 40% of their annual adjusted income towards their rent.

E. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

F. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #4: Escrow Accounts

A. Description of the activity

Effective July 1, 2009, HACSM changed the method by which escrow is calculated for the FSS program participants. Instead of using a calculation that only looks at increases in earned income, HACSM designed a calculation method that considers several activities that support a families increasing self-sufficiency.

The calculation methodology is as follow:

1. \$1,000.00 per family who has increased a minimum of \$1,200 annually in earned income at graduation.
2. \$100.00 for each completed educational goal such as a GED, a degree from an accredited school/college, a vocational certificate, etc. The maximum escrow credit for achieving educational goals will be \$300.00 per family.
3. \$100.00 per family for completing a HACSM-approved budget class.
4. \$1,500.00 per family for increasing savings by an additional \$1,500.00 or more at graduation.
5. \$1.00 for each credit score point improved. The escrow credit for improving credit score is limited to one adult family member per family.

As stated above, to support the full spectrum of self-sufficiency activities needed for a participant to become self-sufficient, HACSM has designed an escrow calculation method in which families may qualify for one, or more, of the escrow credits stated above. Escrow will be calculated and credited at the end of the FSS Contract term and only if the family provides credible and verifiable documentation showing they qualify for each the escrow credit type. The maximum escrow credit and pay out at graduation will be \$3,000.00 per family. Because escrows are calculated and credited at the end of the FSS Contract term, interim withdrawals were eliminated.

B. Update on the status of the activity

HACSM has achieved greater cost effectiveness with this MTW activity by reducing the time spent in calculating escrow credit and servicing escrow accounts. At the same time, HACSM provided increased opportunities for families to receive escrow pay outs upon graduation. During FY2009-2010), four(4) families received escrow for achieving goals such as completing educational programs, increasing savings, and improving credit scores. Of these four families, two earned additional escrow under the new calculation method which recognizes education and job training goals, as well as increases in income.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #5: Expand usage of project-based vouchers at HACSM developments undergoing disposition process

A. Description of the activity

In HACSM's MTW Annual Plan (FY10) Amendment (approved by HUD December 2010), HACSM received approval to project-base up to 100% of the public housing units undergoing the demo/dispo process. HACSM submitted its demo/dispo application in June 2010 and is currently waiting for HUD's approval to continue the dispo process. Once approved, HACSM will sell the property to a HACSM affiliated non-profit entity with the goal of maintaining all of the housing units at an affordable level.

B. Update on the status of the activity

HACSM is unable at this time to determine the impact of this activity, but at the outset is approaching this process with the goal of maintaining all of the housing units at an affordable level.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #6: Biennial re-certification schedule for elderly/disabled households

A. Description of the activity

In FY2009-2010, HACSM proposed and was granted HUD approval to recertify HCV households designated as elderly or disabled every other year. Through HACSM's research and stakeholder input, it was determined that the annual recertification process was especially cumbersome and repetitious for persons who are elderly or disabled as they have few changes in household income and/or composition from year to year. An additional support for this activity was substantiated by studies that suggested the administrative cost for processing each recertification was equal to, or greater than the decrease in the housing assistance payments (HAP).

B. Update on the status of the activity

Due to the Biennial Recertification schedule itself, HACSM is approximately halfway through the implementation process for this activity. Although this activity is not fully implemented yet, it has already either met or exceeded HACSM's anticipated benchmarks. Due to the significant workload reduction, HACSM staff has been able to re-allocate their time to other areas, including but not limited to increasing customer service, improved accuracy in calculations, and activities that support participants increasing self-sufficiency.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #7: Simplify Rent Calculation Process

A. Description of the activity

In FY2009-2010, HACSM received approval to implement several MTW activities regarding rent calculation policies and procedures. It was HACSM's intent that by doing so, the new activities would result in a more transparent process for participants, a streamlined and more efficient practice for HACSM and overall improvement in the accuracy of the calculations. Following are the key aspects of the rent calculation activities.

o Standardize Utility Allowances by Unit Size

Due to the implementation of the TST in March 2010, HACSM did not and does not plan to implement this activity in the future and as such is eliminating it from the MTW activities.

o Change the Definition of Income

- Including certain income sources which were previously considered excluded such as foster care payments, in the rent calculation process. HACSM is re-introducing this as a New MTW Activity with this MTW Annual Plan. (See New Activity #22)
- Elimination of the imputed asset rate calculation. HACSM received HUD approval, and implemented this activity in July 2009. Instead of completing an additional calculation with the HUD passbook interest rate, HACSM simply calculates interest from assets based on the actual interest earned.

o Eliminate the Earned Income Disallowance (EID)

As part of the rent simplification activity, HACSM proposed and received HUD approval to eliminate the Earned Income Disallowance (EID) in July 2009. Due in part to the proposed biennial recertification timeline for elderly and disabled families (see On-going Activity #6), an individual who is eligible for EID will essentially receive a 100% disallowance of employment income through this new schedule. HACSM determined that continuing the currently mandated EID process would be contrary to the improved efficiencies and could result in additional stress on the families through additional appointments with HACSM as well as the administrative burden to HACSM staff.

B. Update on the status of the activity

As a result of this MTW activity, both applicants and participants have experienced a significant reduction in the length of time required for on-going eligibility determinations. Due to the interconnectedness of the MTW program design overall, many of the MTW activities support each other and therefore the end result is significant time savings for the participant.

In the case of the elimination of EID, HACSM received no hardship requests. And, through HACSM's tracking and research during FY2010, all but two eligible families experienced income increases while on the biennial recertification schedule. For the two families who may have been negatively impacted by this activity, the annual income increase was less than \$400 which did not substantially affect their rent portion.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

HACSM is not using outside evaluators.

On-Going MTW Activity #8: Simplify Third-Party Verification Process

A. Description of the activity

In FY2009-2010, HACSM received HUD approval to simplify the third-party verification process associated with earned income, asset income, and medical and child care expenses, in an effort to relieve administrative burdens, increase productivity, reduce calculation errors and ease the intrusive nature of the process for HCV applicants and participants. HACSM continues to use the Enterprise Income Verification (EIV) system for verification of participant identity, wages and other assistance benefits.

o Increase asset values requiring third-party verification

Effective July 1, 2009, HACSM increased the threshold at which assets require third-party verification from \$5,000 to \$50,000 for the HCV programs. In place of third-party verification, the family is required to provide a current statement from the financial institution(s) showing the balance of the asset account(s).

All assets valued over \$50,000 continue to require third-party verification.

o Streamline verification of eligible medical expenses

Effective July 1, 2009 HACSM instituted a streamlined verification process for eligible medical expenses in the HCV programs to ease both the administrative burden for the Housing Authority and the challenges to the participants. HACSM instituted a policy in which eligible families, who claim medical expenses, are required to sign a self-certification and provide supporting documents from credible and established sources, such as receipts from medical care providers or pharmacy statements as proof of the claimed expenses.

o Streamline the verification process for eligible child care expenses

Effective July 1, 2009 HACSM instituted a streamlined verification process for eligible child care expenses in the HCV programs to ease both the administrative burden for the housing authority and the challenges to the participants. To reduce the challenges in verifying claimed child care expenses, eligible families who claim child care expenses are now required to sign a self-certification and provide supporting documents from credible and established sources, such as day care invoices, receipts or written statements from the child care provider as proof of the claimed expense. Expenses incurred from an adult member of the household who provides child care or the absent parent who does not reside in the subsidized unit, are not acceptable.

o Extend the verification timeline to 120 days

Effective July 1, 2009, HACSM received HUD approval and implemented a revised timeline for verification documentation to 120 days for HCV applicants and participants.

This new timeline reduces duplication of work and accelerates an applicant's admission to the program and a participant's recertification for continuing program eligibility.

B. Update on the status of the activity

The MTW objective of reducing federal costs has been realized through this activity as well as the immediate administrative relief for staff and participants. HACSM has been able to re-direct cost savings from this activity, with no reduction in the accuracy of the rent calculations, to activities that improve the customer service of the agency and the increased self-sufficiency of participants.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #9: Tiered Subsidy Table (TST)

A. Description of the activity

In late 2009, HACSM received HUD approval to implement the TST. On March 1, 2010, HACSM implemented the TST for all HCV applicants, Project-Based participants, the original 300 MTW Self-Sufficiency program participants, and relocating HCV participants based on their voucher bedroom size and annual adjusted income.

The TST, a subsidy table representing the first of its kind in the nation, gives HACSM the ability to inform participants of the maximum dollar amount that HACSM will contribute to their housing costs *at the time* of voucher issuance. This is a 180° change from the current HCV rules that cannot determine the participant's rent portion until after a potential unit is secured and the contract rent and utility responsibilities are finalized with the landlord/owner.

While other housing authorities have established rent tables that inform a participant of their rent portion based on eligible bedroom size, HACSM's TST gives participants the ability to search for available units with the knowledge of how much HACSM will contribute to their housing costs throughout San Mateo County, make personal decisions as to how much of their income they are comfortable contributing towards their housing costs, and practice in negotiating with owners through the leasing process. HACSM's intention through this program change is to empower the participants to take personal responsibility for their lives, starting with their housing decisions.

To determine the maximum subsidy amount, the annual adjusted income for the family is determined from the rent calculation, including all deductions and allowances for which the family is eligible (dependent, elderly, child care, medical, and disability assistance) and is then compared to their eligible voucher size. For mixed families (households with ineligible family members), the subsidy is prorated based on the number of eligible and ineligible family members. For additional information on the TST, see Appendix Five.

As a result of this policy change, HACSM no longer makes Utility Assistance Payments (UAP) to participants since any utility cost incurred by the participants has already been factored into the subsidy amount per bedroom size.

B. Update on the status of the activity

Upon implementation of the TST, new applicants in San Mateo County found and moved into rental units, both apartments and single family homes, in a significantly shorter timeframe. Original tracking showed an approximately four (4) week decrease in the time needed to find and secure a unit. In the first six months of implementation, participants and applicants experienced a 20 day decrease in the time needed to find and secure a rental unit and a 2 week decrease in the length of time to determine initial eligibility. For a family in need of housing, a month (34 days) is a significant decrease.

Due to the success of the initial implementation of the TST (March 1, 2010 – December 31, 2010) for new applicants, relocating participants, Self-Sufficiency and Project Based program participants at recertification, effective January 1, 2011, HACSM I expanded the

TST Program to all voucher holders, effective at their next annual, interim, or relocation, whichever comes first.

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #10: Simplify HQS Processes

A. Description of the activity

In an effort to increase administrative efficiencies and cost savings, HACSM received HUD approval, July 1, 2009, to simplify the annual HQS inspection process in several areas, with no reduction in assurance of housing quality, by reducing the total number of units inspected each month through a sampling process for certain units, implementing a self-certification process for certain fail items, and allowing HACSM to inspect units at HACSM-owned properties.

o Sampling process for Multi-Unit Developments (eliminated effective 7/1/2010)

Current HUD regulations mandate inspection of HCV units at least annually to determine compliance with HQS standards. For owners with ten or more subsidized Section 8 units in their complex and a history of high performance, in July 2009, HACSM selected a 25% random sample of units to be inspected for HQS compliance. The sample was drawn randomly so as to ensure compliance of all units with HQS

The reduction in the total number of units inspected allowed for increasing attention to identified problems as well as the ability for the inspectors to conduct additional outreach to new potential owners, or those owners with units in areas with low poverty concentration.

Through HACSM's experience with the MTW Multi-Unit inspection activities in FY2010, HACSM was able to research, design, propose and implement (in August 2010) a more aggressive MTW inspection activity (Biennial Inspections for all HCV Units) in FY2010-2011. HACSM's "Multi-Unit Development Sampling" activity significantly reduced the number of annual inspections, with no decrease in the conditions (meeting HQS) of units overall. As a result, HACSM felt confident implementing a biennial inspection schedule for all units in FY2011, and therefore eliminated the Multi-Unit Inspection Activity.

o Self-Certification for Repairs (eliminated effective 7/1/2010)

July 1, 2009, HACSM implemented a new policy allowing property owners, who have not had their HAP abated due to non-compliance, the permission to provide written self-certification for the completion of minor fail items. The following Housing Quality Standards violations are some of the items that may be classified as minor fail items:

- Presence of a cracked switch plate/outlet cover;
- Chipped/peeling/cracked paint when no child under 6 resides in the unit and the unit was built after 1978;
- Stove burners that do not work and/or knobs that are missing or broken;
- Fail items for which the owner provides a receipt verifying the repair item is on order or has been installed;
- A yard area surrounding the building that is overgrown with weeds; and
- A smoke detector that needs a replacement battery.

o **HACSM to inspect HACSM-owned properties**

Effective July 1, 2009, based on HUD's approval of HACSM's MTW Annual Plan, HACSM was given the ability to inspect for HQS compliance, HACSM-owned or affiliated properties. Prior to this MTW activity, HACSM was required to hire third-party inspectors to inspect the 60 units at Half Moon Village, a project-based senior complex, each year. In July 2010, HACSM included clarification language that HACSM would not be required to submit HACSM-owned or affiliated inspection reports to the HUD Field Office, but instead would keep the reports on file and supply them to the Field Office when, or if, requested.

B. Update on the status of the activity

Through HACSM's experience with the MTW inspection activities in FY2010, HACSM was able to research, design, propose and implement (in August 2010) a more aggressive MTW inspection activity in FY2010-2011. HACSM's "Multi-Unit Development Sampling" activity significantly reduced the number of annual inspections, with no decrease in the conditions (meeting HQS) of units overall. As a result, HACSM felt confident implementing a biennial inspection schedule for all units in FY2011.

As a result of HACSM's experience in 2009-2010, it was decided to eliminate the "Owner Self-Certification for Minor Repairs" activity.

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #11: Eliminate competitive process for allocation of Project Based vouchers to formerly public housing units

A. Description of the activity

Approved by HUD in HACSM's FY 2009-2010 Annual Plan, HACSM will allocate project-based vouchers to its former public housing units without the use of a competitive process. This activity is designed to complement the On-Going MTW Activity #5 described above.

Currently, HACSM operates two public housing developments: Midway Village, a 150-unit complex located in Daly City, and El Camino Village, a 30-unit complex located in Colma. The flexibility afforded through this MTW activity will allow HACSM to streamline the demo/dispo process and shorten the transition period for families to decide whether to remain in place or exercise their ability to move with voucher assistance.

Increased fiscal responsibility will also be achieved, as this activity will be critical in helping HACSM create a stable and reliable financial outlook for these units, providing more timely maintenance and upgrades and in the preservation of affordable housing units in San Mateo County.

B. Update on the status of the activity

In January 2011, HACSM received approval for the Disposition of Midway Village. And, as of May 1 2011, all 150 units have been converted to Project Based. The Demo/Dispo application for El Camino villages 30 units, however, was not approved. HACSM is currently re-writing the Demo/Dispo application for El Camino Village and plans to submit it by the end of CY2011

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #12: Waive 12 month stay requirement for residents in formerly public housing units converted to project based units

A. Description of the activity

Approved by HUD in HACSM's FY 2009-2010 Annual Plan, with the approval of HACSM's demo/dispo application, existing public housing residents at the time of disposition will not be required to stay in their unit for 12 months after conversion to PBV assistance to receive the tenant transfer voucher.

Instead, former public housing residents will have the choice to determine when and if they want to move. HACSM expects that some current public housing residents will choose to move into the private rental market and potentially have access to housing in tenant preferred school districts, closer proximity to their employer or additional employment opportunities, and/or closer to public transportation.

B. Update on the status of the activity

In January 2011, HACSM received approval for the Disposition of Midway Village. And, as of May 1 2011, all 150 units have been converted to Project Based. The Demo/Dispo application for El Camino villages 30 units, however, was not approved. HACSM is currently re-writing the Demo/Dispo application for El Camino Village and plans to submit it by the end of CY2011.

HACSM looks forward to reporting back on the success of this initiative in the FY2011 Annual Report.

On-Going MTW Activity #13: Accept lower HAP for in place Public Housing residents, at conversion to PBV

A. Description of the activity

In FY2009-2010 HACSM received HUD approval to accept lower HAP for in-place public housing residents at the time of conversion to Project-Based units. At the time of disposition, if a public housing resident is residing in an oversized unit and HACSM does not have the proper size unit available for the resident to relocate, HACSM will accept a lower HAP based on the unit size the resident qualifies for and not the actual unit size the resident is occupying. This MTW policy flexibility will ensure residents that remain in former public housing units after disposition, and who are “over-housed”, i.e. occupying units that have more bedrooms than permitted under voucher unit size rules, have continued access to housing assistance in their current unit. However, as is the current policy, as units of the appropriate size become available at the subject project-based property, the over-housed resident will be required to move into the newly available unit.

B. Update on the status of the activity

In January 2011, HACSM received approval for the Disposition of Midway Village. And, as of May 1 2011, all 150 units have been converted to Project Based. The Demo/Dispo application for El Camino villages 30 units, however, was not approved. HACSM is currently re-writing the Demo/Dispo application for El Camino Village and plans to submit it by the end of CY2011.

HACSM looks forward to reporting back on the success of this initiative in the FY2011 Annual Report.

On-Going MTW Activity #14: Establish flat or market rate policy for over income Public Housing residents at conversion of Public Housing to Project Based units

A. Description of the activity

Approved by HUD in HACSM's FY 2009-2010 Annual Plan, HACSM will permit current residents of public housing undergoing the disposition process and who are not eligible to receive a voucher due to exceeding the income limitation of the voucher program, to have the option of remaining in the unit at the higher of the flat rate or market rate for the unit for a maximum of 12 months. Additionally, should the former resident's income level in the subsequent six months (after vacating the public housing development) decrease to a level that they would be income eligible, they will be allowed to re-apply to the project-based wait list with a preference. At such time as the resident vacated the unit, the unit would convert to a standard project-based unit.

B. Update on the status of the activity

In January 2011, HACSM received approval for the Disposition of Midway Village. And, as of May 1 2011, all 150 units have been converted to Project Based. The Demo/Dispo application for El Camino villages 30 units, however, was not approved. HACSM is currently re-writing the Demo/Dispo application for El Camino Village and plans to submit it by the end of CY2011.

On-Going MTW Activity #15: Institute biennial inspection schedule for units under contract

A. Description of the activity

Effective August 1, 2010, after receiving HUD approval in late June 2010, HACSM began implementation of a biennial inspection schedule for all HCV units, with the provision to establish exceptions, such as annually inspecting units abated in the previous 12 months. As stated in the FY2009-2010 Annual Plan, upon request by the family, landlord, or other third parties, HACSM will continue to conduct complaint inspections as is the current practice. In addition to regularly scheduled HQS inspections, HACSM will also continue to conduct random quality control inspections to ensure that both landlords and families are abiding by the HQS requirements and HQS standards are being applied consistently.

Although some units may have a biennial inspection schedule, all units must at all times meet Housing Quality Standards while they are under contract.

B. Update on the status of the activity

HACSM is currently in the very early stages of implementation of this activity; however, we look forward to reporting back on the impact of this activity in our 2011 Annual Report.

C. For the Plan year, indicate if the Agency anticipates any changes, modifications, or additions to Attachment C authorizations

On-Going MTW Activity #16: Expand the Section 8 Project Based Voucher Program

A. Description of the activity

Effective July 1, 2010 HACSM received HUD's approval to increase its voucher budget allocation to the Project/Provider-Based programs. Currently HACSM has 384 project-based units. As a result of this initiative, HACSM is proposing to potentially increase the number of project-based units to 1,200. These programs will be one of the major resources for the development of additional affordable housing units and will enable the County to meet the goals of the HOPE Plan, San Mateo County's 10 year plan to end homelessness. HACSM recognizes that the number of available "traditional" HCV vouchers will be decreased as a result. However, in selecting future project-based projects, HACSM will give preference to properties that are newly constructed, located near public transportation corridors, and contain energy efficient features. This will increase housing choice for families by increasing the supply of decent, safe, and sanitary affordable housing (i.e this would represent units that otherwise would not be constructed).

As part of HACSM's anticipated Provider-Based program, HACSM is expecting to reach populations in San Mateo County who are currently under-served with programs designed in concert with the potential Provider-Based award designee. Because the voucher assistance will be directly related to the unique services of the Provider-Based program, there is a far greater potential to serve additional families at their time of greatest need, with greater flexibility and tailored to their specific barriers.

By diversifying the use of our finite number of vouchers, this initiative will provide a wider variety in type and location of housing for our participants, present and future.

B. Update on the status of the activity

HACSM is still in the planning stage for its Provider-Based program. Initial program design has been explored and the next steps are to receive input from community-based organizations who may become partners in the program. It is anticipated that the program will become operational in mid-2011.

In May 2011 HACSM posted an RFP from supportive services providers in San Mateo County with a deadline for submission, June 24, 2011. HACSM received six applications and is now reviewing the applications in preparation for selecting one or more of the proposed programs, according to the selection criteria detailed in the RFP.

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #17: Revise Eligibility Standards

A. Description of the activity

Effective July 1, 2010, HACSM received HUD approval to apply an asset value limit for all new applicants and participants. HACSM's new policy is such that if an applicant has assets valuing more than \$100,000, or a present ownership interest in a suitable home in which they have a legal right to reside, they are determined ineligible for the program. If a participant has experienced an increase in assets valued at more than \$100,000, or has (since their last reexamination) gained ownership interest in real property in which the participant has a legal right to reside, the participant would be determined ineligible for continued assistance. This determination is made through the recertification process, annually or biennially, based on the household's regular recertification schedule. (Note: HACSM has a biennial recertification schedule for elderly and/or disabled households.)

B. Update on the status of the activity

HACSM is in the early implementation stages of this activity. However, to date, two new applicants from HACSM's 2008 HCV waitlist have been denied eligibility due to this activity which allows for greater movement on the waitlist and HACSM's ability to reach the neediest members of our community. As of November 2010, no participants have left the HCV program due to this activity.

On-Going MTW Activity #18: Eliminate 100% excluded income from the income calculation process

A. Description of the activity

Effective July 1, 2010, HACSM received HUD approval to change how it processes excluded income sources. HACSM will no longer verify, count, or report income that HUD specifies as 100% excluded from the income calculation process. Examples of 100% excluded income sources are food stamps, income from minors, LIHEAP (energy assistance payments for low income households), and more. HUD regulation 24 CFR 5.609 (c) provides a complete list of all income sources that HUD specifies to be excluded when calculating a family's annual income, however, with the approval of this Plan (FY12), HACSM is proposing in MTW Activity #22 to now verify and include Foster Care, KinGap and Adoption Assistance payments in the calculation of the households Annual Income. Because this income, with the exception of those income sources defined in MTW Activity #22, is excluded from the income calculation process, it does not affect the amount of a family's rental assistance.

Although HUD regulates which income must not be included when calculating rental assistance, the HUD-50058 requires HACSM to report all family income, including income that is excluded from the rental assistance calculation process. Given the numerous sources of 100% excludable income, the cost and time related to verification and calculation on the 50058 of excluded income is significant and causes unnecessary administrative and financial burdens to the agency. The verification and reporting of income that has no affect on the amount of housing assistance a family receives also invites unnecessary errors in the reporting and calculation process.

B. Update on the status of the activity

HACSM implemented this activity on July 1, 2010 and has been monitoring the effectiveness through the Quality Assurance Team's file reviews. By eliminating the collection, verification and calculation of excluded income sources the accuracy of the rent calculations has improved as well as the over-all timeliness of recertifications, interim, annual and biennial. HACSM will be completing a time-study in the next month and looks forward to a more detailed discussion of the effectiveness of this activity in the upcoming Annual Report.

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

On-Going MTW Activity #19: Eliminate the requirement to complete new HAP contract with utility responsibility changes

A. Description of the activity

CFR 982.308 (g) (2) (i) requires PHAs to execute a new HAP contract with the owner if there are any changes in lease requirements governing tenant or owner responsibilities for utilities or appliances. Effective July 1, 2010, HACSM received HUD approval to eliminate the requirement of executing a new HAP contract with the owner in such instances as described above. Instead, upon receipt of a written notification from the tenant or the owner detailing the changes, HACSM will review the contract rent to ensure its rent reasonableness, adjust the tenant portion of rent and HAP payment if applicable, and confirm the changes by issuing a rent change notice.

It is important to note that this initiative only applies to participants who have a HAP contract in place prior to July 1, 2010 and who do not relocate. All other new, or relocating, participants are immediately entered into the Tiered Subsidy Table (TST) program. Due to the design of the TST initiative, the utility responsibilities are already factored into the housing assistance, whether or not the participant or owner is responsible and therefore this activity would not be required. (For additional information on the TST program, please see On-going MTW Activity #9.)

B. Update on the status of the activity

HACSM implemented this activity July 1, 2010. Staff and owner feedback to date has been very positive regarding this activity as it has increased HACSM's ability to process these types of changes in a more timely way. HACSM looks forward to providing additional results of this activity in its upcoming Annual Report.

HACSM does not anticipate any changes, modifications, or additions to Attachment C authorizations for July 1, 2011.

D. Describe if the Agency is using outside evaluators

On-Going MTW Activity #20: Apply current payment standards at interim reexamination

A. Description of the activity

Current HUD regulations require that when the payment standard increases during the term of the HAP Contract, the increased payment standard will be used to calculate the monthly housing assistance payment for the family at the family's first regular reexamination on or after the effective date of the increase in the payment standard. If the payment standard decreases during the term of the HAP Contract, the lower payment standard generally will be used at the family's second regular reexamination following the effective date of the decrease in payment standard.

In addition, irrespective of any increase or decrease in the payment standard, if the family unit size increases or decreases during the HAP contract term, the new family unit size must be used to determine the payment standard for the family beginning at the family's first regular reexamination following the change in family unit size.

Under HACSM's biennial reexamination schedule for elderly and disabled households (see On-Going MTW Activity #6), reexaminations are now conducted every two years. In addition, other families report changes in family composition that may impact the payment standard used. The long span of time between reexaminations may create a financial hardship for families who experience a decrease in their income or a higher HAP cost for HACSM for families who experience an increase of the contract rent that would result in an interim adjustment. If HACSM continues to apply the payment standard used at the time of the last reexamination, the family may experience a higher rent burden for a longer time. Additionally, using current payment standards will eliminate HACSM's responsibility of having to track which payment standard is correct and alleviate the confusion and inconsistency in determining the family's first regular reexamination on or after the effective date of the increase in the payment standard or the family's second regular reexamination following the effective date of the decrease in payment standard.

To reduce the family's rent burden and eliminate the confusion among staff and to increase housing choice for families, effective July 1, 2010, upon HUD's approval, HACSM implemented a policy to apply the current payment standard to the calculation of the monthly housing assistance payment at whatever time the action is being processed (i.e. interim reexaminations, annual reexaminations). HACSM will continue to give the family at least 30 days notice of the rent increase in the event the family's rent portion increases as a result of this proposal.

It is important to note that this initiative only applies to participants who had a HAP contract in place prior to July 1, 2010 and who do not relocate. All other new, or relocating, participants are immediately entered into HACSM's TST program. (For additional information on the TST, please see On-Going MTW Activity #9.)

B. Update on the status of the activity

HACSM implemented this activity July 1, 2010. An initial result has been an increase in the accuracy in the application of the appropriate payment standard for unit size changes that occur during interim recertifications. This positive trend has been tracked via HACSM's Quality Assurance Team file reviews throughout FY11. HACSM looks forward to a further discussion of the impact in the upcoming MTW Annual Report.

On June 18, 2010, HACSM received HUD approval of its amended Attachment D – Broader Use of Funds (see Appendix One), allowing for HACSM to develop a local, non-traditional program with voucher funds.

As of June 2011, HACSM launched its Provider Based Voucher program, (see MTW On-going Activity #16), with a 40 voucher pilot phase. The estimated annual expense for these vouchers is \$528,000 which will be allocated from the MTW funds.

In the FY11 Plan, Activity #16 “Expand the Section 8 Project Based Voucher Program,” HACSM also proposed and received approval for the use of MTW funds to support the acquisition, rehabilitation, or construction of new affordable housing units.

Amended and Restated Moving to Work Agreement

This Amended and Restated Moving to Work Demonstration Agreement (Restated Agreement) is entered into on this 08 day of April 2008 by and between the United States of America through the U.S. Department of Housing and Urban Development (HUD) and the **Housing Authority of the County of San Mateo** (Agency). The term of this Agreement shall begin on the Date of Execution by HUD and shall continue until the end of the Agency's 2018 Fiscal Year, subject to meeting the evaluation criteria described in Section IV, unless such term is otherwise extended by HUD; and

WHEREAS, Section 204 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134) (1996 Appropriations Act) establishes the statutory framework known as the Public Housing/Section 8 Moving to Work (MTW) demonstration program; and

WHEREAS, Section 204(a) of the 1996 Appropriations Act provides that public housing agencies that administer Section 8 and public housing (Agencies) and the Secretary of HUD (Secretary) shall have the flexibility to design and test various approaches for providing and administering housing assistance that: 1) reduce cost and achieve greater cost effectiveness in Federal expenditures; 2) give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and 3) increase housing choices for low-income families (the three statutory objectives); and

WHEREAS, pursuant to Section 204(a) of the 1996 Appropriations Act, HUD may permit Agencies to combine funds appropriated under sections 8 and 9 of the 1937 Act, and may exempt Agencies from provisions of the 1937 Act and implementing regulations thereunder pertaining to Public and Indian Housing and section 8 voucher assistance; and

WHEREAS, the Secretary determined that the Agency satisfies the Secretary's selection criteria and selected the Agency to participate in MTW; and

WHEREAS, on the 1st day of May 2000, HUD and the Agency executed an MTW Agreement, and on the 30th day of March 2006, HUD and the Agency executed an MTW Extension, (collectively known as the Original MTW Agreement) governing the terms and conditions under which HUD authorizes the Agency to participate in MTW; and

WHEREAS, the parties have previously entered into one or more Annual Contributions Contracts (ACCs) setting forth the terms and conditions under which the Agency participates in the public housing and/or Section 8 Housing Choice Voucher programs administered by HUD; and

WHEREAS, the parties agree to execute this Restated Agreement, which hereby amends and replaces any Original MTW Agreement between HUD and the Agency; and

WHEREAS, it is a goal of the MTW demonstration to design and test innovative methods of providing housing and delivering services to low-income families in an efficient and cost effective manner, and HUD and the Agency agree to fully cooperate with each other in order to make the demonstration a success;

NOW, THEREFORE, in reliance upon and in consideration of the mutual representations and obligations hereunder, the parties do agree as follows:

I. Statutory Authorizations

- A. This Restated Agreement amends and replaces the Original MTW Agreement between HUD and the Agency. This Restated Agreement waives certain provisions of the United States Housing Act of 1937, as amended (1937 Act), and HUD's implementing requirements and regulations thereunder, as are set forth in the Statement of Authorizations (Attachment C), and the Legacy and Community-Specific Authorizations (Attachment D) only to the extent they are necessary to implement the Agency's Annual MTW Plan. Except as noted in Section I.B. below, this Restated Agreement supersedes the terms and conditions of one or more ACCs between the Agency and HUD, to the extent necessary for the Agency to implement its MTW demonstration initiatives as laid out in the Agency's Annual MTW Plan, as approved by HUD.
- B. Notwithstanding the preceding authority waiving certain provisions of the 1937 Act as necessary to implement the Agency's Annual MTW Plan, the following provisions of the 1937 Act, as otherwise applicable, shall continue to apply to the Agency and/or assistance received pursuant to the 1937 Act:
1. The terms "low-income families" and "very low-income families" shall continue to be defined by reference to Section 3(b)(2) of the 1937 Act (42 U.S.C. § 1437a(b)(2));
 2. Section 12 of the 1937 Act (42 U.S.C. § 1437j), as amended, shall apply to housing assisted under the demonstration, other than housing assisted solely due to occupancy by families receiving tenant-based assistance; and
 3. Section 18 of the 1937 Act (42 U.S.C. § 1437p, as amended by Section 1002(d) of Public Law 104-19, Section 201(b)(1) of Public Law 104-134, and Section 201(b) of Public Law 104-202), governing demolition and disposition, shall continue to apply to public housing notwithstanding any use of the housing under MTW.
- C. This Restated Agreement only waives certain provisions of the 1937 Act and its implementing regulations. Other federal, state and local requirements applicable to public housing shall continue to apply notwithstanding any term contained in this Restated Agreement or any Authorization granted thereunder. Accordingly, if any requirement applicable to public housing, outside of the 1937 Act, contains a provision that conflicts or is inconsistent with any authorization granted in this Restated Agreement, the MTW Agency remains subject to the terms of that requirement. Such requirements include, but are not limited to, the following: Appropriations Acts,

competitive HUD notices of funding availability under which the Agency has received an award, state and local laws, Federal statutes other than the 1937 Act, and OMB Circulars and requirements (including regulations promulgated by HUD thereunder in 24 C.F.R. part 85).

- D. The MTW Agency is authorized to conduct activities in accordance with the Statement of Authorizations (Attachment C) and in accordance with the Legacy and Community-Specific Authorizations (Attachment D), as applicable. In the event of a conflict between Attachment C and Attachment D, the authorizations in Attachment D will supersede those in Attachment C.
- E. Notwithstanding any provision set forth in this Restated Agreement, including without limitations, the term of years and all extensions, renewals and options, and the terms set forth herein otherwise, any federal law that amends, modifies, or changes the aforementioned term of years and/or other terms of this Restated Agreement shall supersede this Restated Agreement such that the provisions of the law shall apply as set forth in the law.

II. Requirements and Covenants

- A. The amount of assistance received under sections 8 or 9 of the 1937 Act by an Agency participating in the demonstration shall not be diminished by the Agency's participation in the MTW demonstration.
- B. The Agency agrees that any HUD assistance that the Agency is authorized to use under the MTW demonstration shall be used in accordance with the Agency's Annual MTW Plans, as may be applicable. The Agency hereby certifies that the Agency's governing board has approved this Restated Agreement, and each Annual MTW Plan issued prior to the date hereof, as applicable, and that a copy of each such board approval has been provided to HUD.
- C. The Agency shall hold at least one public hearing per Annual MTW submission, and make the Annual MTW Plan available for public comment for at least thirty (30) days. The Agency agrees to take into account public comments on the program design, including comments from current tenants/participants, to the extent such comments were provided.
- D. The Agency shall: (i) ensure that at least 75 percent of the families assisted are very low-income families, as defined in section 3(b)(2) of the 1937 Act, (ii) assist substantially the same total number of eligible low-income families under MTW, as would have been served absent the demonstration, and (iii) maintain a comparable mix of families by family size, as would have been served or assisted had the amounts not been used under the demonstration.
- E. When providing public housing, the Agency will ensure that it is safe, decent, sanitary, and in good repair, according to an inspection protocol established or approved by the Secretary. This in no way precludes the Agency from modifying its own inspection

protocol as authorized in Attachments C and/or D as long as such protocol meets the housing quality standards established or approved by the Secretary.¹

- F. The Agency agrees to keep project level budgeting and accounting, report financial statements in the Financial Data Schedule (FDS)², and abide by project level management reviews and fees. The Agency will conform to OMB Circular A-87 and the HUD definition of reasonable fees as defined in 24 CFR part 990, and HUD's Financial Management Guidebook 7475.1 and Supplement, as they may be amended.
- G. HUD will not score the Agency under HUD's Public Housing Assessment System (PHAS) or HUD's Section Eight Management Assessment Program (SEMAP), or their successor systems, unless the Agency elects to be scored. If the Agency elects to be scored, the agency will continue to be scored for the duration of the demonstration.
- H. The Agency agrees to cooperate fully with HUD and its contractors in the monitoring and evaluation of the MTW demonstration, to keep records, and to submit reports and other information to HUD as described in the Restated Agreement.
- I. The Agency shall comply with the requirements of the National Environmental Policy Act (NEPA) and other related federal laws and authorities identified in 24 C.F.R. Part 50 or Part 58, as applicable.
- J. The Agency will comply with all applicable nondiscrimination and equal opportunity requirements set forth in 24 C.F.R. § 5.105(a), and will administer its programs and activities in a manner affirmatively to further fair housing. In particular, the Agency must make reasonable accommodations needed by applicants and residents and must make units accessible in accordance with the Needs Assessment and Transition Plan as required under Section 504 of the Rehabilitation Act of 1973 and its implementing regulations.
- K. The Agency will comply with the terms of any applicable court orders or Voluntary Compliance Agreements that are in existence or may come into existence during the term of the Agreement. The Agency further agrees that it will cooperate fully with any investigation by the HUD Office of Inspector General or any other investigative and law enforcement agencies of the U.S. Government.
- L. Unless otherwise provided herein, this Restated Agreement does not apply to Section 8 assistance that is required:
 - 1. To meet existing contractual obligations of the Agency to a third party (such as Housing Assistance Payment contracts with owners under the Agency's Section 8 Housing Choice Voucher program);
 - 2. For payments to other public housing authorities under Section 8 portability billing procedures; or

¹ Agencies are still subject to state and local building codes, and housing codes, and state and local public housing law on inspections.

² The Agency agrees to comply with FDS submission requirements, including the requirement to submit project level financial data in the FDS.

3. To meet particular purposes for which HUD has expressly committed the assistance to the Agency.

The aforementioned covenants made by the Agency are not exclusive, as the Agency must also comply with all requirements applicable to public housing other than both those provisions of the 1937 Act, as amended from time to time, and its implementing regulations specifically waived by the Authorizations contained in this Restated Agreement.

III. Rent Reform Initiatives

The Agency shall establish a reasonable rent policy that is designed to encourage employment and self-sufficiency by participating families, consistent with the purpose of this demonstration. In developing its rent policy, the Agency must adopt a policy for addressing hardship cases. To meet the Department's purposes of evaluating the MTW demonstration, Agencies may randomly assign new participants into the MTW group, which will provide an alternate program/rent structure, and into a control group, which will continue to operate under the 1937 Act requirements, and collect useful participant data at the point of random assignment.

IV. Evaluation

- A. HUD will consider the following criteria when evaluating whether this Agency shall continue in the MTW Demonstration:
 1. The Agency is in compliance with this Restated Agreement.
 2. The Annual MTW Plans and Reports have been satisfactorily completed and submitted in a timely manner, consistent with this Restated Agreement; and
 3. The Agency has demonstrated, through the Annual MTW Plan and Report, that it has used its MTW designation (i.e., engaged in MTW Activities), as set forth in Section 204 of the 1996 Appropriations Act.
- B. If, after the evaluation during FY 2011 and FY 2014, HUD determines that the Agency fails to meet the above criteria, HUD can terminate this Restated Agreement.

V. Amendments and Continuation of Activities

- A. Amendment of this Restated Agreement. This Restated Agreement may be further amended upon mutual agreement of the Agency and HUD. Proposed amendments by the Agency to the Restated Agreement shall be submitted in writing to HUD's Office of Public and Indian Housing, or its successor, only after the Agency has conducted a public hearing, considered comments from the hearing in drafting the proposed amendment, and obtained an approval from the Agency's Board of Commissioners or Directors, as applicable. HUD will respond to the Agency in writing to either approve and execute or disapprove the amendment request. The Statement of Authorizations (Attachment C) may be unilaterally amended by HUD only in order to add to the existing authorizations. The Legacy and Community-Specific Authorizations (Attachment D) may be amended upon mutual agreement between HUD and the Agency. In the event of a conflict between Attachment C and Attachment D, the authorizations in Attachment D supersede the authorizations in Attachment C.

- B. Amendment of the Annual MTW Plan. Amendments to the Annual MTW Plan only need to be made if the proposed MTW activity falls outside the scope of the HUD-approved Annual MTW Plan. An MTW activity is defined as an activity that an Agency participating in the MTW demonstration is authorized to undertake only by means of invoking an authorization included in Attachment C or Attachment D of this Restated Agreement, as opposed to an activity that a non-MTW agency could undertake pursuant to the conventional public housing and Section 8 Housing Choice Voucher programs' statutory and regulatory requirements. Proposed amendments by the Agency to the Annual MTW Plan shall be submitted in writing to HUD's Office of Public and Indian Housing, or its successor, only after the Agency has conducted a public hearing, considered comments from the hearing in drafting the proposed amendment, and obtained an approval from the Agency's Board of Commissioners or Directors, as applicable. HUD will respond in writing to either approve or disapprove the amendment request.

The letter requesting any amendment to the Annual MTW Plan should include the following information in relation to the proposed MTW Activity:

1. Description of the proposed activity;
 2. Description of how the activity relates to at least one of the three statutory objectives;
 3. Identification and discussion of the anticipated impact of the proposed MTW activity on the stated objective;
 4. Description of the baselines and benchmarks that the Agency will use to measure the performance and progress of the MTW activities;
 5. Description of the data collection process and metrics the Agency will use to measure how this activity will achieve one or more of the MTW statutory objectives; and
 6. The specific provision of the 1937 Act or regulation that is waived under MTW that authorized the Agency to make this change, when applicable.
- C. Continuation of Activities.
1. Not later than one year prior to expiration of this Restated Agreement, the Agency shall submit a transition plan to HUD. It is the Agency's responsibility to plan in such a manner that it will be able to end all features of the MTW Plan upon expiration of the Agreement, as HUD cannot guarantee that it will be able to extend any features of the Plan. The transition plan shall describe plans for phasing out of such authorizations/features. The plan shall also include any proposals of authorizations/features of the Restated Agreement that the Agency wishes to continue beyond the expiration of the Restated Agreement. The Agency shall specify the proposed duration, and shall provide justification for extension of such authorization/features. HUD will respond to the Agency in writing in a timely manner. Only authorizations/features specifically approved for extension shall continue beyond the term of the MTW Restated Agreement.

The extended features shall remain in effect only for the duration and in the manner specified in the approved transition plan.

2. HUD will review and respond to timely-submitted transition plans within 75 days or they are deemed approved. To the extent that HUD has questions or feedback within this 75-day period, HUD will transmit such information within a sufficient time period for the Agency to respond and for HUD to approve a transition plan within 75 days of submission of the plan.

VI. Funding

- A. Funding Methodology. During the term of the MTW demonstration, HUD will provide the Agency with public housing operating subsidies, and modernization or capital funds (including development and replacement housing factor funds), and with tenant-based Section 8 assistance, as provided in Attachment A. If the Agency's Attachment A does not describe the funding methodology for any of these funding streams, the Agency's funding will be calculated according to standard HUD calculations of Agency benefits.
- B. Funding Disbursements. The Agency will receive its public housing operating subsidy and Section 8 tenant-based funding in accordance with the following calculation and disbursement requirements:
 1. Operating Fund subsidies
 - a. HUD shall calculate the allocation of Operating Fund subsidies to the Agency in accordance with Attachment A.
 - b. The Agency may use these funds for any eligible activity permissible under Section 9(e)(1) of the 1937 Act or, if the Agency proposes to use the funding as part of a block grant in its Annual MTW Plan, it may use these funds for any eligible activity permissible under Section 8(o), 9(d)(1) and 9(e)(1) consistent with this MTW Restated Agreement.
 2. Capital Funds and Other Grants
 - a. HUD shall calculate the allocation of Capital Fund grants (including replacement housing factor fund grants) to the Agency in accordance with Attachment A. Capital Funds will be disbursed in accordance with standard HUD procedures for the disbursement of public housing Capital Fund Grants.
 - (i) In requisitioning grant funds, the Agency will not be required to provide line item detail, but will request the funds using a single MTW line item; provided however, that the Agency may not accelerate draw downs of funds in order to fund reserves.

- (ii) The Agency may use these funds for any eligible activity permissible under Section 9(d)(1) of the 1937 Act, or if the Agency proposes to use the funding as part of a block grant in its Annual MTW Plan, it may use these funds for any eligible activity permissible under Section 8(o), 9(d)(1) and 9(e)(1) consistent with this MTW Restated Agreement.
 - (iii) The Agency is subject to the requirements of Section 9(j) of the 1937 Act with respect to its Capital Fund Grants.
- b. Section 8 Tenant-Based Assistance
- (i) HUD shall calculate the allocation of Section 8 Housing Choice Voucher funding to the Agency in accordance with Attachment A.
 - (ii) The Agency may use tenant-based Section 8 funds included in the MTW block grant for any eligible activity permissible under Section 8(o) of the 1937 Act or, if the Agency proposes to use the funding as part of a block grant in its Annual MTW Plan, it may use the funds for any eligible activity permissible under Section 8(o), 9(d)(1) and 9(e)(1) consistent with this MTW Restated Agreement.
- c. The Agency may submit for HUD consideration and approval alternative schedules for disbursement of public housing operating subsidy and Section 8 tenant-based funding to reduce the number of transactions and to address the time lag between making Housing Assistance Payments (HAP) for the large number of Section 8 participants from other jurisdictions (portables) and reimbursement by those jurisdictions. An Agency's request for consideration and approval of an alternative schedule for disbursement shall be subject to certain administrative limitations, such as only one request will be allowed per year.

VII. Administrative Responsibilities

A. Annual MTW Planning and Reporting.

1. Annual MTW Plans

- a. If the Agency has ten percent or more of its housing stock in MTW, the Agency will prepare and submit an Annual MTW Plan, in accordance with Attachment B, or equivalent HUD form as approved by OMB, in lieu of the Five (5) year and Annual Plans required by Section 5A of the 1937 Act.
- b. If the Agency has less than ten percent of its housing stock in MTW, the Agency will continue to complete the Five-Year and Annual Plans required by Section 5A of the 1937 Act. The Agency will also complete a Supplemental Annual MTW Plan, based on Attachment B, or equivalent HUD form as approved by OMB. Only information not included in either

the Five-Year Plan or the Annual Plan will need to be included in the Supplemental Annual MTW Plan (herein also referred to as the Annual MTW Plan).

- c. Three (3) copies of the Annual MTW Plan shall be submitted to HUD: one copy will be provided to HUD Headquarters in hard-copy, one copy to HUD Headquarters in electronic format (i.e., PDF, or Word), and one copy to the Agency's local HUD Field Office.
- d. The Annual MTW Plan is due not later than seventy-five (75) days prior to the start of the Agency's fiscal year, unless otherwise approved by HUD, except in the first year of this Restated Agreement the Agency may submit an amendment to its MTW Plan if it wants to implement initiatives prior to the due date of the subsequent MTW Plan.
- e. Attachment B of this Restated Agreement, or equivalent HUD form as approved by OMB, provides a detailed description of the required elements of the Annual MTW Plan.
- f. The Annual MTW Plan will be submitted to HUD only after:
 - (i) The Agency has provided for citizen participation through public hearing and other appropriate means and is approved by the Board of Commissioners or Directors, as applicable, and
 - (ii) The Agency has taken into account public comments on the program design, including comments from current tenants/participants, to the extent such comments were provided. To document the foregoing, the Agency will submit with the Annual MTW Plan documentation that at least one public hearing was held, that the Plan was available for public comment for at least thirty (30) days, and that the Agency took no less than fifteen (15) days between the public hearing and the approval of the Plan by the Board of Commissioners or Board of Directors in order to incorporate any public comments into the Annual MTW Plan. The Agency will submit these documents to HUD in accordance with Attachment B, or equivalent HUD form as approved by OMB, and will keep these documents on file for HUD review.
- g. HUD shall notify the Agency in writing if HUD objects to any provisions or information therein. When the Agency submits its Annual MTW Plan seventy-five (75) days in advance of its fiscal year, HUD will respond to the Agency within seventy-five (75) days. If HUD does not respond to the Agency within seventy-five (75) days after an on-time receipt of the Agency's Annual MTW Plan, the Agency's Annual MTW Plan is approved and the Agency is authorized to implement that Plan. If HUD does not receive the Agency's Annual MTW Plan seventy-five (75) days before the beginning of the Agency's fiscal year, the Agency's Annual MTW Plan is

not approved until HUD responds. Reasons that HUD may object to a provision or information in the Annual MTW Plan include, but are not limited to, the following:

- (i) The information required in Attachment B, or equivalent HUD form as approved by OMB, is not provided or is deemed insufficient;
 - (ii) The Agency's planned MTW activities are not permissible under MTW Authority or are inconsistent with requirements outside the 1937 Act³;
 - (iii) The Agency's planned MTW activities do not have a clear connection to the statutory goal of the MTW demonstration, which is to provide Agencies with the flexibility to design and test various approaches for providing and administering housing assistance that: (a) reduce cost and achieves greater cost effectiveness in Federal expenditures; (b) give incentives to families with children whose heads of household are either working, seeking work, or are participating in job training, educational or other programs that assist in obtaining employment and becoming economically self-sufficient; and (c) increase housing choices for low-income families; or
 - (iv) There are other good cause factors, such as material misrepresentation, in the submission.
- h. Once HUD approves an MTW Activity, the activity shall remain approved as long as it is included in the Agency's Annual MTW Plan submissions subsequent to the initial approval of the MTW Activity. The approval shall remain in effect until such time as the Agency proposes to modify the activity, initiative, or program.

2. Annual MTW Reports

- a. The Agency will prepare Annual MTW Reports, which will compare the Agency's activities with its Annual MTW Plan. The Annual MTW Report will provide the information necessary for HUD to assess the Agency's activities, in both regular operations and in activities authorized by MTW.
- b. Three (3) copies of the Annual MTW Report shall be submitted to HUD: one copy will be provided to HUD Headquarters in hard-copy, one copy to HUD Headquarters in electronic format (i.e., PDF, or Word), and one copy to the Agency's local HUD Field Office.
- c. The Annual MTW Report will be submitted to HUD for its review annually, no later than ninety (90) days after the end of the Agency's fiscal year.

³ Even if HUD approves a MTW Plan that is inconsistent with an external requirement, such as a state law requirement, the Agency is still subject to the external requirement.

- d. Attachment B of this Restated Agreement, or equivalent HUD form as approved by OMB, provides a detailed description of the required elements of the Annual MTW Report.
 - e. HUD shall notify the Agency in writing if HUD requires additional information or clarifications to the information provided in the Annual MTW Report.
 - f. All HUD forms and other reporting mechanisms required by this Restated Agreement, including any required certifications, will, where appropriate, be included in either the Annual MTW Plan or the Annual MTW Report.
3. HUD reserves the right to request, and the Agency agrees to provide, any information required by law or required for sound administration of the public housing and Section 8 Housing Choice Voucher programs.

B. Other Data Submission Requirements.

1. The Agency will submit HUD-50058 data and/or HUD-50058 MTW (or their replacement forms) data to HUD's Public and Indian Housing Information Center (PIC) system, or its successor. (Note that the use of the HUD-50058 MTW form is restricted to the MTW agencies that have implemented MTW Activities that prevent use of the standard 50058 form.) These submissions will be in compliance with HUD's 50058 and/or 50058 MTW submission requirements for MTW public housing authorities. The Agency will maintain current building and unit information in the development module of the PIC Inventory Management System (IMS).
2. The Agency will provide basic data about the Agency (e.g., address, phone number, e-mail address, etc.) to HUD through the PIC/IMS system, or its successor system.
3. The Agency will complete an annual audit pursuant to the Office of Management and Budget (OMB) Circular A-133 (including the Compliance Supplement, as determined by the auditor to be relevant to MTW). The A-133 Audit must be submitted to HUD in accordance with HUD regulations; a separate copy of the most recently completed audit must be submitted to the Office of Public Housing Investments, or its successor Headquarters Office responsible for national oversight of the MTW demonstration.
4. The Agency will provide data to HUD through FDS, or its successor system, as required by the Public Housing Assessment System (PHAS) regulations and procedures as they may be amended.
5. The Agency will provide HUD with an electronic version of the Admissions and Continued Occupancy Policy and Administrative Plan upon HUD's request.
6. The Agency will provide HUD with a Performance and Evaluation Report for Capital Fund activities not included in the MTW Block Grant by including this

as a supplement to Attachment B, or equivalent HUD form as approved by OMB.

In addition to the reporting requirements listed above, the Agency is required to comply with any and all HUD reporting requirements that are not specifically waived by HUD.

- C. Annual MTW Monitoring Site Visit. HUD and/or its contractors will conduct at least one formal Site Visit to the Agency each year. The purpose of these visits will be to confirm reported Agency activities, to review the status and effectiveness of the Agency's MTW strategies, and to identify and resolve outstanding MTW related issues. The Agency shall give HUD and/or its contractors unimpeded access to all requested sources of information including access to files, access to units, and an opportunity to interview Agency staff and assisted residents.
- D. Single Point of Contact. HUD and the Agency shall each appoint a liaison as a single point of contact in implementing the Restated Agreement.

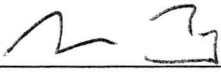

VIII. Termination and Default

- A. If the Agency violates this Restated Agreement, HUD is authorized to take any corrective or remedial action described in this Article VIII for Agency default. HUD will give the Agency written notice of any default. The Agency will have the opportunity to cure such default within 30 days of the date of said notice, or to demonstrate within said time period, by submitting substantial evidence satisfactory to HUD, that it is not in default. If the default is not susceptible to being cured within said 30 day period, the Agency will demonstrate, to HUD's satisfaction, that the Agency has taken actions necessary to cure the default and that the default is curable within 90 days from the date of the default notice. Additionally, the Agency must covenant to prosecute such cure diligently and complete such cure within the 90 day period, unless HUD, in its sole judgment, determines that immediate action is necessary, and therefore has discretion to institute the remedies under Section VIII.C. of this Restated Agreement.
- B. The following are reasons that HUD may declare the Agency in default of this Restated Agreement:
 1. The Agency has not corrected HUD identified performance deficiencies within a reasonable period of time;
 2. Material misrepresentation in the application process that led to the Original MTW Agreement or this current Restated Agreement;
 3. Use of funds subject to this Restated Agreement for a purpose other than as authorized by this Restated Agreement;
 4. Material noncompliance with legislative, regulatory, or other requirements applicable to this Restated Agreement;
 5. Material breach of this Restated Agreement; and/or

6. Material misrepresentation in the Annual MTW Plan or Report submission by the Agency.
- C. If the Agency is in default, HUD may, among other remedies, undertake any one or all of the following remedies:
1. Suspend payment or reimbursement for any MTW activities affected;
 2. Suspend the Agency's authority to make draws or receive or use funds for affected activities;
 3. Change the method of payment to the Agency;
 4. Require additional reporting by the Agency on the deficient areas and the steps being taken to address the deficiencies;
 5. Require the Agency to prepare and follow a HUD-approved schedule of actions and/or a management plan for properly completing the activities approved under this Restated Agreement;
 6. Suspend the MTW waiver authorization for the affected activities;
 7. Prohibit payment or reimbursement for any MTW Activities affected by the default;
 8. Require reimbursement by the Agency to HUD for amounts used in violation of this Restated Agreement;
 9. Reduce/offset the Agency's future funding;
 10. Terminate this Restated Agreement and require the Agency to transition out of MTW;
 11. Take any other corrective or remedial action legally available; and/or
 12. Implement administrative or judicial receivership of part or all of the Agency.
- D. The Agency may choose to terminate this Restated Agreement at any time. Upon HUD's receipt of written notification from the Agency and a copy of a board resolution approving termination, termination will be effective. The Agency will then begin to transition out of MTW, and will work with HUD to establish an orderly phase-out of MTW activities, consistent with Section IV C of this Restated Agreement.

This Agreement, including all Attachments, is effective upon execution, except as otherwise provided herein.

Calculation of Subsidies
TO
MOVING TO WORK AGREEMENT
BETWEEN
U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
AND
HOUSING AUTHORITY OF THE COUNTY OF SAN MATEO

Upon execution of the First Amendment to the Moving to Work (MTW) Agreement (Agreement) between the U.S. Department of Housing and Urban Development (HUD) and the Housing Authority of the County of San Mateo (Agency), HUD will provide the Agency with operating subsidy, capital funds, and Housing Choice Voucher Program assistance as described below.

A. Operating Subsidy

1. The calculation of operating subsidy will continue in accordance with applicable operating subsidy formula law and regulations.
2. The Agency may use any current operating funds or accumulated operating reserves for eligible Moving to Work (MTW) purposes, subject to applicable provisions of the Restated Agreement.
3. All funds programmed for MTW purposes will be recorded and drawn from MTW designated line items on relevant HUD forms.

B. Capital Funds Program

1. The Agency's formula characteristics and grant amounts will continue to be calculated in accordance with applicable law and regulations.
2. For capital funds provided in years prior to the execution of this amendment, the Agency may submit, and HUD will, as permitted by law, approve a request to reprogram by grant year, any unobligated funds for eligible MTW purposes. Such requests will be made in accordance with current procedures governing amendments to the Annual Plan, except that no public consultation will be necessary prior to submission of the request.
3. All funds programmed for MTW purposes will be recorded and drawn from MTW designated line items on relevant HUD forms.

C. Housing Choice Voucher Program (HCVP) Subsidy

1. For purposes of the HCVP funding, the Initial Year is calendar year 2010 (January 1, 2010 through December 31, 2010).
2. Funding eligibility for CY 2009 will become the Agency's baseline going forward. Any subsequent incremental allocations of Housing Choice Vouchers will be added to this total if the Agency decides to apply the incremental funding to their MTW Block Grant. This paragraph applies to all 4,023 MTW Vouchers.
3. Initial year (CY 2010) HCVP housing assistance payment (HAP) funding will be calculated based on: (1) the HCV HAP Budget Authority eligibility approved for CY 2009, (2) adjusted by the Annual Adjustment Factor (AAF), and (3) adjusted by the applicable proration factor. This paragraph applies to all 4,023 MTW Vouchers.
4. Subsequent years' HCVP HAP will be equal to the previous year's total HAP funding eligibility prior to proration, adjusted by the subsequent year's AAF and applicable proration factor.
5. Administrative fee funding in the initial year will be based upon the Agency's baseline number of units leased in CY 2009, adjusted for the 300 MTW Vouchers for which Administrative fees are already included in the HAP baseline calculated under Section C.3 above, and will be subject to proration. Subsequent year's Administrative fee funding will be based on the base year's units leased times the current year's fee rates and adjusted by the current year's proration. Should the agency receive additional Vouchers, administrative fees will be paid on these additional Vouchers in accordance with Appropriations requirements.
6. All HCVP funds and Administrative Fee provided through the aforementioned funding calculations may be used for authorized purposes, subject to applicable provisions of the Restated Agreement and future appropriations statutes.
7. If the Agency receives incremental HCVP funding, the Agency will have the option to either apply the incremental funding to the Agency's MTW block grant or to keep the incremental funding separate, as provided by law.
8. Funding eligibility in any year is subject to the requirements of the applicable Appropriations Act as it applies to MTW Agencies.
9. The Agency will continue to be eligible to receive Family Self Sufficiency coordinator funding in accordance with available appropriations and requirements.
10. HACSM will retain any existing levels of Net Restricted Assets as of December 31, 2009.
11. Any sum held by the Agency as excess administrative funds (Net Unrestricted Assets) as of December 31, 2009 shall remain available and may be used for authorized

purposes subject to applicable provisions of the MTW Agreement and future appropriations statutes.

12. Funding for Family Unification, 1 Year Mainstream, 5 Year Mainstream, Moderate Rehabilitation, and Veterans Affairs Supported Housing vouchers, whether new allocations or renewals of existing vouchers, shall not be included in the MTW Block Grant.

<u>Annual MTW Plan</u>	If the Agency has been out of compliance with any of the required statutory MTW requirements listed in Section II(C) of the Restated Agreement, as determined by HUD in its review of the previous fiscal year’s Annual MTW Report, the Agency will provide a narrative discussion and a plan as to how it will return to compliance. If the Agency is currently in compliance, no discussion or reporting is necessary in this section.																																																
<u>Annual MTW Report</u>	<p>The Agency will provide the following:</p> <p>A. In order to demonstrate that the statutory objective of “assuring that at least 75 percent of the families assisted by the Agency are very low-income families” is being achieved, the Agency will provide information in the following format:</p> <p style="text-align: center;">Initial Incomes of Families Assisted by MTW</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th style="text-align: left;">Fiscal Year:</th> <th>2008</th> <th>2009</th> <th>2010</th> <th>2011</th> <th>2012</th> <th>2013</th> <th>2014</th> <th>2015</th> <th>2016</th> <th>2017</th> <th>2018</th> </tr> </thead> <tbody> <tr> <td>Total number of newly admitted families assisted¹</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Number of families with incomes below 50% of area median</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Percentage of families with incomes below 50% of area median</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table>	Fiscal Year:	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	Total number of newly admitted families assisted ¹												Number of families with incomes below 50% of area median												Percentage of families with incomes below 50% of area median

Number of families with incomes below 50% of area median

¹ “Total number of newly admitted families assisted” is defined as all families that have been admitted to federal housing assistance during the fiscal year in question. Therefore, this does not mean that all families assisted by the housing authority will be captured in this figure. Instead, the figure only captures the initial admittees’ income, just as they begin to receive housing assistance.

VIII. Reporting Compliance with Statutory MTW Requirements, Continued																																
Annual MTW Report, cont.	<p>B. In order to demonstrate that the statutory objective of “continuing to assist substantially the same total number of eligible low-income families as would have been served had the amounts not been combined” is being achieved, the Agency will provide information in the following formats:</p> <p style="text-align: center;">Baseline for the Number of Eligible Low-Income Families to Be Served</p> <table border="1" style="margin-left: auto; margin-right: auto; border-collapse: collapse;"> <thead> <tr> <th style="width: 20%;"></th> <th style="width: 15%;">Number of families served when Agency entered MTW</th> <th style="width: 15%;">Non-MTW adjustments to the number of families served²</th> <th style="width: 15%;">Baseline number of families to be served</th> <th style="width: 35%;">Explanations for adjustments to the number of families served</th> </tr> </thead> <tbody> <tr> <td>Number of public housing families served</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Number of tenant-based Section 8 families served</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Total number of families served</td> <td></td> <td></td> <td style="border: 2px solid black;"></td> <td></td> </tr> </tbody> </table> <p style="text-align: center; margin-top: 20px;">Number of Low-Income Families Served</p> <table border="1" style="margin-left: auto; margin-right: auto; border-collapse: collapse;"> <tbody> <tr> <td style="width: 70%;">Baseline number of families to be served (total number of families)³</td> <td style="width: 30%;"></td> </tr> <tr> <td>Total number of families Served this Fiscal Year⁴</td> <td></td> </tr> <tr> <td>Numerical Difference⁵</td> <td></td> </tr> <tr> <td>Percentage Difference</td> <td></td> </tr> </tbody> </table> <div style="border: 1px solid black; padding: 5px; margin-top: 10px;"> <p>Justification for variations in excess of 10% below the baseline number of families to be served (total number of families):</p> </div>					Number of families served when Agency entered MTW	Non-MTW adjustments to the number of families served ²	Baseline number of families to be served	Explanations for adjustments to the number of families served	Number of public housing families served					Number of tenant-based Section 8 families served					Total number of families served					Baseline number of families to be served (total number of families) ³		Total number of families Served this Fiscal Year ⁴		Numerical Difference ⁵		Percentage Difference

² “Non-MTW adjustments to the number of families served” are defined as factors that are outside the control of the Agency. Acceptable “non-MTW adjustments” include, but are not limited to, influences of the economy and of the housing market. If the Agency includes non-MTW adjustments, HUD expects the explanations of the factors to be thorough and to include information substantiating the numbers used.

³ This number will be the same number in the chart above, at the cross-section of “total number of families served” and “baseline number of families served.”

⁴ The methodology used to obtain this figure will be the same methodology used to determine the “Number of families served when Agency entered MTW” in the table immediately above.

⁵ The Numerical Difference is considered “MTW adjustments to the number of families served.” This number will reflect adjustments to the number of families served that are directly due to decisions the Agency has made. HUD expects that in the course of the demonstration, Agencies will make decisions that may alter the number of families served.

Acceptable “non-MTW adjustments” include, but are not limited to, demographic changes in the community’s population. If the Agency includes non-MTW adjustments, HUD expects the explanations of the factors to be thorough and to include information substantiating the numbers used.

STATEMENT OF AUTHORIZATIONS

TO
AMENDED AND RESTATED MOVING TO WORK AGREEMENT
BETWEEN
U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
AND
AGENCY

A. General Conditions

1. This Statement of Authorizations describes the activities that the Public Housing Authority (Agency) may carry out under the Moving to Work (MTW) Demonstration program, subject to the terms and conditions of the Amended and Restated Moving to Work Demonstration Agreement (Restated Agreement) between the Agency and the U.S. Department of Housing and Urban Development (HUD).
2. Unless otherwise provided in Attachment D of the Restated Agreement, the Agency's MTW Demonstration Program applies to all of the Agency's public housing assisted units (including Agency-owned properties and units comprising a part of mixed-income, mixed finance communities) tenant-based Section 8 voucher assistance (hereinafter referred to as the "Housing Choice Voucher Program"), Section 8 project-based voucher assistance under Section 8(o) and Homeownership units developed using Section 8(y) voucher assistance.
3. The purpose of the Statement of Authorizations is to delegate to the Agency the authority to pursue locally driven policies, procedures and programs with the aim of developing better, more efficient ways to provide housing assistance and incentives to self-sufficiency to low, very-low, and extremely low-income families. The authorizations listed in this Attachment C are granted fully without requiring any additional HUD authorizations, as necessary to implement the activities described in the Annual MTW Plan. The Agency may proceed with activities based upon these authorizations once the activity has been included in the Annual MTW Plan, in accordance with Attachment B, and HUD has approved the Plan and activities. HUD will review and approve these documents to ensure that the Annual MTW Plan has provided meaningful citizen participation, taking into account comments from a public hearing and any other comments on the proposed program, as well as providing for, receiving, and meaningfully considering comments from current and prospective residents who would be affected. HUD will also review in order to ascertain that these activities are within the MTW authorizations provided by HUD.
4. The Agency reaffirms that it will comply with all applicable nondiscrimination and equal opportunity requirements set forth in 24 CFR 5.105(a), and will administer its programs and activities in a manner affirmatively to further fair housing. In particular, the Agency

must make reasonable modifications and accommodations needed by applicants and residents and must make units accessible in accordance with the Needs Assessment and Transition Plan as required under Section 504 of the Rehabilitation Act of 1973 and its implementing regulations.

B. Authorizations Related to Both Public Housing and Section 8 Housing Choice Vouchers

1. Single Fund Budget with Full Flexibility

This authorization waives certain provisions of Sections 8 and 9 of the 1937 Act and 24 C.F.R. 982, and 990 as necessary to implement the Agency's Annual MTW Plan.

- a. The Agency may combine funding awarded to it annually pursuant to Section 8(o), 9(d) and 9(e) of the 1937 Act into a single, authority-wide funding source ("MTW Funds"). However, section 9(d) funds are still subject to the obligation and expenditure deadlines and requirements provided in section 9(j) despite the fact that they are combined in a single fund. The funding amount for the MTW Funds may be increased by additional allocations of housing choice vouchers to which the Agency is entitled over the term of the Agreement. Special purpose vouchers will not be included in the MTW Funds during their initial term, though some may be included in the MTW Funds upon renewal.
- b. The Agency may use MTW Funds for any eligible activity under Sections 9(d)(1), 9(e)(1) and Section 8(o) of the 1937 Act. Within the scope of the permissible eligible activities, the Agency can carry out the purposes of the MTW Demonstration Program to provide flexibility in the design and administration of housing assistance to eligible families, to reduce cost and achieve greater cost effectiveness in Federal expenditures, to give incentives to families with children where the head of household is working, seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient, and to increase housing choices for low-income families, through activities that would otherwise be eligible under sections 8 and 9 of the 1937 Act, including, but not limited to, the following activities:
 - i. Provision of Capital funds or operating assistance to housing previously developed or operated pursuant to a contract between HUD and the Agency or newly acquired or developed pursuant to section ii below.
 - ii. The acquisition, new construction, reconstruction or moderate or substantial rehabilitation of housing (including, but not limited to, assisted living, or other housing as deemed appropriate by the Agency, in accordance with its mission), or commercial facilities consistent with the objectives of the demonstration. Such activities may include but are not limited to real property acquisition, site improvement, development of utilities and utility services and energy efficiency systems, conversion, demolition, financing, administration and planning costs, relocation and other related activities; provided, however, that prior HUD

approval is required for the development of any incremental public housing units, pursuant to Section 9(g)(3) of the 1937 Act.

- iii. The provision of housing or employment-related services or other case management activities, such as housing counseling in connection with rental or homeownership assistance, energy auditing, activities related to the provision of self-sufficiency and other services, employment counseling, education, training and other services related to assisting tenants, owners, contractors, and other persons or entities participating or seeking to participate in other housing or training and educational activities assisted pursuant to this section.
 - iv. The provision of management services, including preparation of work specifications, loan processing, inspections, tenant selection, management of tenant and project-based rental assistance and management of housing projects or other facilities or operations developed under this program.
 - v. The provision of safety, security, and law enforcement measures and activities appropriate to protect residents of housing from crime.
 - vi. The provision of Housing Choice Voucher assistance or project-based rental assistance (under Section 8(o)), alone or in conjunction with other private or public sources of assistance.
 - vii. The preservation of public housing and/or Housing Choice Voucher units currently serving people of low income or the acquisition and/or development of new units for people of low income, provided that all rehabilitation and construction is done in accordance with the requirements of Section 504 of the Rehabilitation Act and where applicable, the design and construction requirements of the Fair Housing Act.
 - viii. If the Agency chooses to establish single fund flexibility, the Agency is authorized to use housing assistance payments for purposes other than payments to owners, so long as these purposes are consistent with other eligible uses of section 8 and section 9 funds.
- c. These activities may be carried out by the Agency, by an entity, agent, or instrumentality of the Agency, a partnership, a grantee, contractor, or other appropriate party or legal entity.
 - d. The Agency's expenditures must comply with OMB Circular A-87, which provides basic guidelines for the use of federal funds, and with this MTW Agreement.
 - e. The Agency may use capital funds (including development and replacement housing factor funds) in accordance with this Agreement.

2. Partnerships with For-Profit and Non-Profit Entities

The Agency may partner with for-profit and non-profit entities, subject to 24 C.F.R. Part 85 and 941.602(d), including, mixed-income, mixed-finance development partners and third party management companies, as well as affiliates and instrumentalities of the Agency (“Agency Partners”), to implement and develop all or some of the initiatives that may comprise the Agency’s MTW Demonstration Program. The Agency may, with respect to MTW eligible activity and when working with or partnering with such partners, make available to Agency Partners the least restrictive regulatory requirements allowable based on Agency’s participation in the MTW Demonstration Program and that agreements with Agency Partners may reflect the implementation of less restrictive regulatory requirements. *This authorization waives certain provisions of Sections 13 and 35 of the 1937 Act and 24 C.F.R. 941 Subpart F as necessary to implement the Agency’s Annual MTW Plan.*

3. Definition of Elderly Family

The Agency is authorized to amend the definition of elderly to include families with a head of household or family member who is at least 55 years old, and must be in compliance with the all Fair Housing Requirements, in particular the Housing for Older Persons Act of 1995. *This authorization waives certain provisions of Section 3 (b)(3) and (G) of the 1937 Act and 24 C.F.R. 5.403 as necessary to implement the Agency’s Annual MTW Plan.*

4. Transitional/Conditional Housing Program

SECOND AMENDMENT

TO

**AMENDED AND RESTATED MOVING TO WORK AGREEMENT
BETWEEN
U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
AND
HOUSING AUTHORITY OF THE COUNTY OF SAN MATEO**

This Second Amendment to the Moving to Work (“MTW”) Agreement (“Agreement”) is entered into by and between the United States of America through the U.S. Department of Housing and Urban Development (“HUD”) and the Housing Authority of the County of San Mateo (“Agency”) and is effective on the date of execution by HUD. Unless otherwise defined herein, all capitalized terms used herein shall have the same meanings ascribed to them in the Agreement.

Attachment D is amended as follows:

Add the following language is added to HACSM’s blank Attachment D:

Use of MTW Funds

The Agency and HUD acknowledge that Section 204(a) of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 (Pub. L. 104-134) provides that an agency participating in the MTW demonstration program may combine public housing operating and capital funds provided under Section 9 of the U.S. Housing Act of 1937 (the “1937 Act”) and voucher program funds provided under Section 8 of the 1937 Act “to provide housing assistance for low-income families, as defined in section 3(b)(2) of the 1937 Act, and services to facilitate the transition to work on such terms and conditions as the agency may propose and the Secretary may approve.”

The Agency and HUD further acknowledge that the terms of the agreement under which the Agency participated in the MTW demonstration program prior to the Amended and Restated MTW Agreement (the “Original MTW Agreement”) did not state that the use of such combined public housing operating and capital funds and voucher program funds (collectively, “MTW Funds”) was restricted to those uses specified in Sections 8 and 9 of the 1937 Act.

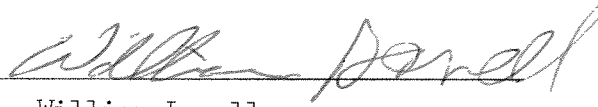

The Agency and HUD hereby agree that they do not intend for the Amended and Restated MTW Agreement to limit or restrict the authority to use MTW Funds as provided by the Original MTW Agreement, that notwithstanding any language to the contrary, those provisions in this Agreement or its attachments that restrict the use of funds to Sections 8 and 9 are repealed, and the Agency may use MTW Funds to provide housing assistance for low-income families, as defined in section 3(b)(2) of the 1937 Act, and services to facilitate the transition to work, whether or not any such use is authorized by Sections 8 or 9 of the 1937 Act, provided such uses are consistent with other requirements of the MTW statute [i.e., including but not limited to the requirements to maintain a comparable mix of families and serve substantially the same number

of families as would have been assisted if the Agency were not in the MTW demonstration, assuring that housing assisted under the demonstration meets housing quality standards established or approved by the Secretary, that at least 75 percent of the families assisted be very low income families, that the agency has established a reasonable rent policy that is designed to encourage employment and self-sufficiency by participating families, that the requirements of sections 12 of the 1937 Act are applied to any housing assisted under the demonstration other than housing assisted solely because of occupancy by families receiving tenant-based assistance, and that Section 18 of the 1937 Act shall continue to apply to public housing notwithstanding the use of any use of the housing under the demonstration] and have been proposed in an Agency's Annual MTW Plan and approved by HUD.

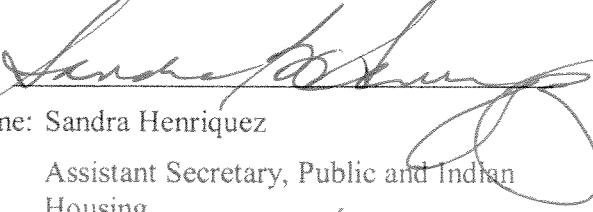

Notwithstanding the above, such funds remain Federal funds, and are subject to any and all other Federal requirements outside of the 1937 Act (e.g., including but not limited to Appropriations Acts, competitive HUD notices of funding availability under which the Agency has received an award, state and local laws, Federal statutes other than the 1937 Act, and OMB Circulars and requirements), as modified from time to time.

IN WITNESS WHEREOF, the parties have caused this Second Amendment to be executed by their duly authorized representatives.

The Housing Authority of the County of San Mateo is pleased to be one of 33 agencies nationwide granted the permission, from HUD, to design and test innovative program initiatives that more closely address the needs of families in San Mateo County.

HACSM has operated a small MTW demonstration program since May 2000. In July 2008, the MTW demonstration program was expanded to all Housing Choice Voucher (HCV) programs. Building upon the success of the original program, HACSM is planning to enhance and modify several aspects that will result in greater housing choice for low income families, streamline many of the administrative processes resulting in increased efficiencies and cost savings, and creating a program that is more transparent, easy to understand, and more equitable for all assisted families. Following is a brief list of proposed activities, which upon approval, will begin July 1, 2011.

SUBJECT: Moving to Work (MTW) Annual Plan – FY 2011-2012

The purpose of this report is to give the Housing, Health, and Human Services Committee (HHH) an update on the Moving to Work (MTW) initiatives implemented to date and a summary of proposed initiatives the Housing Authority of the County of San Mateo (HACSM) intends to implement effective July 1, 2011 as part of its 2011-2012 MTW Annual Plan process.

MTW is HACSM's special contract with HUD that permits block granting of funds and regulatory waivers of various program regulations in order to increase efficiencies and provide more assistance to client self-sufficiency activities.

#1 MTW Program Update

The following is an update on several key initiatives implemented since July 1, 2009.

- **The Tiered Subsidy Table (TST) rent reform initiative**

The TST is a multi-faceted solution to several program challenges. It has significantly simplified the subsidy calculation process for HACSM staff and provided participants with the information they need to make informed decisions regarding their housing options.

The TST informs program participants of the maximum amount that HACSM can contribute to their total housing costs at the time they are given their voucher. Informing participants up front regarding their maximum allowable assistance is a 180° change from the current HUD process that only supplies this information after a participant has found a unit and a housing authority has completed the rent negotiation process. HACSM's ability through the TST to provide this information has empowered the participants to take greater personal responsibility in their housing decisions, often the first step in their becoming self-sufficient.

The program was implemented with a pilot group within the Section 8 program on March 1, 2010. At this time, approximately 25% of all Section 8 participants (1,100 vouchers) have transitioned to the TST.

Since implementation the average length of time needed for a participant to find and secure a unit has decreased from 90 to 60 days - an entire month less time to move from homelessness to stable housing!

Due to the success of this pilot phase, HACSM is expanding the TST to all voucher holders, effective March 1, 2011.

- Institute a flexible inspection schedule for all subsidized units

HACSM implemented this initiative September 2010, and will “re-inspect” subsidized units every 18-24 months, rather than the regulatory 12 months. This program modification applies to almost all households, and will therefore reduce re-inspection case load by up to 45% allowing HACSM staff additional time to develop greater outreach activities to landlords throughout the county as well as assist with other client needs.

- Initiate a Provider Based Program

In FY2010/2011, HACSM received HUD authority for “Local non-Traditional Use” of Section 8 funds. With this authority, HACSM is currently designing a Provider Based Program. To date, HACSM has held an open session with supportive service providers in San Mateo County whose programs assist those who are either underserved or not served at all in the current Section 8 program and HACSM is now drafting an RFP to be published in March/April.

- Revise Initial Eligibility Standards

Effective July 1, 2010 HACSM implemented an asset value limit of \$100K and property ownership test, for initial and on-going eligibility for the Section 8 voucher program. To date, only two applicants have been denied admission due to this activity.

- The Housing Readiness Program (HRP)

The HRP was designed in response to the critical needs identified in San Mateo County’s 10-year plan to end homelessness and follows the “housing first” strategy. Since inception in early 2009, 58 homeless individuals and families have been assisted and secured stable housing. Through partnerships with the Center on Homelessness and other supportive service providers and shelters, program participants receive rental subsidy for up to three years while at the same time having continued access to various support programs.

This pilot program has been highlighted at the last two national MTW conferences and due to its success may be expanded in the next fiscal year by another 20 vouchers.

- Biennial recertifications for elderly/disabled households

Implemented in July 2009, this activity has eased the inherent stress on elderly and disabled households whose income and family status remain relatively steady from year to year. As a result of this activity, HACSM staff has realized a

25% reduction in the number of appointments, allowing for increased customer service and timely performance.

- Streamlining the third-party verification processes

Implemented in July 2009, this activity has significantly reduced HACSM's carbon footprint in SMC through a reduction in paper usage. HACSM has been able to re-direct staff time savings and direct costs to activities that increase customer service and self-sufficiency of program participants.

#2 Proposed Activities

In March 2011, HACSM will be requesting Board and HUD approval on the following proposed MTW activities for FY 2011-2012:

- Change standards for claiming "Full Time Student" (FTS) status

HACSM proposes that household members eligible for FTS status must be less than 24 years old and attending an accredited institution.

- Inclusion of Foster Care, Kin Gap and Adoption assistance payments in households annual income calculations
- Modify policies regarding changes in head of household (HOH) designations

HACSM proposes that an individual must be a household member for a minimum of the previous 12 months to be eligible to become the HOH and at such time as the voucher is transferred to this individual that they would immediately join the time-limited (5 year) self-sufficiency program.

- Change automatic termination of Housing Assistance Payment (HAP) contract to 90 days

HACSM is proposing that in cases where a household is paying the full amount of their rent without any subsidy, (30% of their annual adjusted income equals or exceeds the full rent), that they can remain on the program for 3 months prior to relinquishing their voucher.

- Exclude income from assets valued less than \$50,000

Less than 1% of HACSM voucher holders have assets that exceed \$50,000. On average, HACSM voucher holders have \$1,265 in assets. Due to the fact that the interest the family receives for these assets is so negligible, it does not have an impact on the rental subsidy and therefore HACSM is proposing to exclude this income source from the annual adjusted income calculation.

Public Process

HACSM is seriously committed to engaging our local community in each MTW activity that is proposed and implemented. As such, with the proposed Amendments #1 and #2 of our FY2012 MTW Annual Plan, HACSM created a variety of forums for our community partners, participants, landlords, and the general public to review and give comments.

HACSM gave notice of the proposed amendments and public hearing date both in the local newspaper, as well as posting the same notice in our lobby. At the same time, HACSM made the proposed amendments themselves available on our website and in our office lobby for any interested party.

HACSM held several public hearings where all could give comment. The first was the public hearing held at our offices, June 21, 2011. There were no attendees and no comments were submitted prior to June 21, 2011. The second was held on July 19, 2011 at the San Mateo County, Housing, Health, and Human Services Committee meeting, a sub-committee of the San Mateo County Board of Supervisors. At this meeting, HACSM presented the proposed amendments and was available to receive comments. There were no comments from the public received. The third was held on July 26, 2011 at the regular meeting of the San Mateo County Board of Supervisors meeting. At this meeting, HACSM presented the proposed amendments and was prepared to receive comments, but no comments were made from the public.

All supporting documentation of HACSM's public outreach is included in the following pages.

SUBJECT: Amendment to the Housing Authority's FY 2011-2012
Moving To Work Annual Plan

PROPOSAL:

Amend the Housing Authority of the County of San Mateo (HACSM) FY 2011-2012 Moving to Work (MTW) Annual Plan to allocate \$4,000,000 in MTW funds for affordable housing development.

BACKGROUND:

On March 15, 2011, the Board adopted the Housing Authority's MTW Annual Plan for the period of July 1, 2011 through June 30, 2012. The adopted plan has since been approved by HUD.

In 2009, HACSM successfully applied for and was granted the ability to receive its HUD funding via an MTW block-grant. The level of funding specified in the block-grant contract, together with funds saved as a result of streamlined processes and increased administrative efficiencies have enabled HACSM to fund its existing programs while accumulating a surplus for additional housing needs. Historically, HUD has periodically reclaimed uncommitted funding from local housing authorities. However, HUD has permitted MTW agencies to accumulate these uncommitted block-granted funds with the understanding that such agencies will expand housing opportunities in their local communities through creation of new affordable housing and/or through the expansion of rental subsidy programs.

DISCUSSION:

In order to expand local rental subsidy programs, the Board approved the creation of the new Project-Based Assistance (PBA) Program as part of HACSM's 2010-2011 MTW Annual Plan. The PBA Program creates 40 new vouchers in 2011 and will use \$528,000 per year of MTW block-grant funds. An RFP process is currently being concluded and contracts for services will come before the Board in August.

HACSM is proposing to commit up to an additional \$4,000,000 of MTW funds for the development of affordable housing in San Mateo County. The re-programmed funds will be used to leverage substantially larger amounts of investment funds. Development activities may include site acquisition, substantial rehabilitation of existing stock, and development of new units.

Two current examples of developments that will increase the number of affordable units once they can obtain sufficient development financing are Half Moon Village and Midway Village. HACSM has entered into an Exclusive Negotiations Agreement with MidPen Housing to re-develop Half Moon Village. This redevelopment, expected to cost approximately \$49 million, includes a multi-faceted approach with other senior service providers to use the existing land to create a senior "campus" that will more than double the number of affordable units at the site, create a greater continuum of care through partnerships with assisted living and hospice providers as well as medical services and food services.

HACSM has also recently completed the conversion of the 150-unit Midway Village from public housing to a Project-Based Section 8 program. This process enables Midway residents to gain mobility by use of their vouchers and it provides HACSM with a steadier, market-based funding stream. Proposed funding would give HACSM the ability to significantly increase the number of affordable units when the property begins the re-development process in the near future.

This proposal is on the July 26 Board of Supervisors meeting agenda and any specific use of the proposed \$4,000,000 will be brought back before the Board as the specific uses are determined.

For the MTW Annual Plan Amendment, HACSM held a public hearing on June 21, 2011. The public notice was published in the San Mateo County Times on May 18, 2011. The MTW Annual Plan Amendment was available for public review in HACSM's lobby and on its website from May 18, 2011 through June 21, 2011. There were no comments submitted in response to the proposed Amendment.

FISCAL IMPACT:

There is no Net County Cost associated with this action. All funds required to operate the program are provided by the U.S. Department of Housing and Urban Development.

Board Resolution and Certification of Compliance

COUNTY OF SAN MATEO
Inter-Departmental Correspondence
Department of Housing

DATE: February 16, 2011
BOARD MEETING DATE: March 15, 2011
SPECIAL NOTICE/HEARING: Public Hearing
VOTE REQUIRED: Majority

TO: Honorable Board of Supervisors (Sitting as the Board of Commissioners of the Housing Authority)

FROM: Duane Bay, Director, Department of Housing
William Lowell, Executive Director, Housing Authority

SUBJECT: Housing Authority of the County of San Mateo 2011-2012 Moving to Work (MTW) Annual Plan

RECOMMENDATION:

Adopt resolution No. 2011-03:

1. Approving the Housing Authority's 2011-2012 Moving to Work (MTW) Annual Plan; and
2. Authorizing the Executive Director of the Housing Authority to execute any documents required by the U.S. Department of Housing and Urban Development (HUD) to certify the Plan.

BACKGROUND:

Moving to Work (MTW) is a demonstration program that offers participating housing authorities the opportunity to design and test innovative, locally designed housing and self-sufficiency strategies for low-income families by allowing exemptions from certain housing regulations. Over the past few years, the Housing Authority of the County of San Mateo (HACSM) has implemented administrative simplifications and rent calculation reform under the MTW program. As a result of some of the activities, voucher holders have been able to locate rental housing more easily and quickly and staff have benefited from revisions or elimination of certain administrative processes.

HACSM is one of 33 housing agencies nationwide that participates in this program.

As part of its participation in MTW, HUD requires housing authorities to submit an MTW Annual Plan by April 15 of each year. The MTW Annual Plan process requires obtaining input from the public and approval from the Board of Commissioners and HUD.

The proposed MTW Annual Plan includes information related to existing and proposed initiatives.

DISCUSSION:

The 2011-2012 MTW Annual Plan covers the period July 1, 2011 through June 30, 2012. The MTW Annual Plan was completed in accordance with all HUD regulations and requirements, including that it be reviewed by the Resident Advisory Board (a meeting was held on January 20, 2011) and that all documents be made available to the public for review for a prescribed period of time prior to adoption by the governing board. A public hearing was advertised in local newspapers and held on February 1, 2011, to receive additional comments. The proposed MTW Annual Plan was posted on the internet for 45 days before the public hearing was held. Public comments were received and incorporated into the MTW Annual Plan. Initiatives within the MTW Annual Plan were shared with the Board's Housing, Health, and Human Services (HHH) Committee on February 15, 2011 and with HUD-MTW staff (from San Francisco and Washington DC) on February 10, 2011.

The 2011-2012 MTW Annual Plan includes the following proposed initiatives:

1. Change qualifications for full-time student status
2. Include foster care and adoption assistance payments in annual income calculation
3. Modify policies regarding changes in Head of Households
4. Change automatic termination of Housing Assistance Payments (HAP) Contract from 180 days to 90 days
5. Exclude asset income from income calculation for households with assets under \$50,000

County Counsel has reviewed and approved the Resolution as to form.

Approval of this Resolution contributes to the Shared Vision 2025 outcome of a Livable Community by enabling HACSM to provide housing subsidy to low and very low income households while reducing its administrative burden by modifying stringent rules and regulations.

FISCAL IMPACT:

There is no Net County Cost associated with this action. All funds required to operate the program are provided by the U.S. Department of Housing and Urban Development.

DATE: July 6, 2011
BOARD MEETING DATE: July 26, 2011
SPECIAL NOTICE/HEARING: None
VOTE REQUIRED: Majority

TO: Honorable Board of Supervisors (Sitting as the Board of Commissioners of the Housing Authority)

FROM: Duane Bay, Director, Department of Housing
William Lowell, Executive Director, Housing Authority

SUBJECT: Amendments to the Housing Authority's FY 2011-2012 Moving To Work Annual Plan

RECOMMENDATION:

Adopt Resolution No. 2011-06 authorizing:

- 1) The Housing Authority of the County of San Mateo (HACSM) to amend its FY 2011-2012 Moving to Work (MTW) Annual Plan to reallocate \$4,000,000 in MTW funds for affordable housing development;
- 2) HACSM to include the Annual Statement for its 2011 Capital Funds in the 2011-2012 MTW Annual Plan; and
- 3) The Executive Director of HACSM to execute any documents required by the U.S. Department of Housing and Urban Development (HUD) to certify the MTW Annual Plan Amendments.

BACKGROUND:

On March 15, 2011, the Board adopted the Housing Authority's MTW Annual Plan for the period of July 1, 2011 through June 30, 2012. The adopted plan has since been approved by HUD.

In 2009, HACSM successfully applied for and was granted the ability to receive its HUD funding via an MTW block-grant. The level of funding specified in the block-grant contract, together with funds saved as a result of streamlined processes and increased administrative efficiencies have enabled HACSM to fund its existing programs while accumulating a surplus for additional housing needs. Historically, HUD has periodically reclaimed uncommitted funding from local housing authorities. However, HUD has permitted MTW agencies to accumulate these uncommitted block-granted funds with the understanding that such agencies will expand housing opportunities in their local communities through creation of new affordable housing and/or through the expansion of rental subsidy programs.

DISCUSSION:

In order to expand local rental subsidy programs, the Board approved the creation of the new Project-Based Assistance (PBA) Program as part of HACSM's 2010-2011 MTW

Annual Plan. The PBA Program creates 40 new vouchers in 2011 and will use \$528,000 per year of MTW block-grant funds. An RFP process is currently being concluded and contracts for services will come before the Board in August.

HACSM is proposing to commit up to an additional \$4,000,000 of MTW funds for the development of affordable housing in San Mateo County. The re-programmed funds will be used to leverage substantially larger amounts of investment funds. Development activities may include site acquisition, substantial rehabilitation of existing stock, and development of new units.

Two current examples of developments that will increase the number of affordable units once they can obtain sufficient development financing are Half Moon Village and Midway Village. HACSM has entered into an Exclusive Negotiations Agreement with MidPen Housing to re-develop Half Moon Village. This redevelopment, expected to cost approximately \$49 million, includes a multi-faceted approach with other senior service providers to use the existing land to create a senior "campus" that will more than double the number of affordable units at the site, create a greater continuum of care through partnerships with assisted living and hospice providers as well as medical services and food services.

HACSM has also recently completed the conversion of the 150-unit Midway Village from public housing to a Project-Based Section 8 program. This process enables Midway residents to gain mobility by use of their vouchers and it provides HACSM with a steadier, market-based funding stream. Proposed funding would give HACSM the ability to significantly increase the number of affordable units when the property begins the re-development process in the near future.

Any specific use of the proposed \$4,000,000 will be brought back before the Board as the specific uses are determined.

Additionally, HACSM is including the Annual Statement for its 2011 Capital Funds which will allow HACSM to complete projects at its remaining public housing property, El Camino Village. The Annual Statement was not included in the originally approved MTW Annual Plan as eligibility was unlikely. HACSM has since been notified that it will receive the funds and must include the information in the MTW Annual Plan.

For the MTW Annual Plan Amendments, HACSM held a public hearing on June 21, 2011. There were no comments submitted in response to the proposed Amendments.

County Counsel has reviewed and approved the Resolution as to form.

Approval of this Resolution contributes to the Shared Vision 2025 outcome of a Livable Community by enabling HACSM to increase its resources to better provide affordable housing for its community.

FISCAL IMPACT:

There is no Net County Cost associated with this action. All funds required to operate the program are provided by the U.S. Department of Housing and Urban Development.

Appendix Five

HACSM's Tiered Subsidy Table (TST)

The Methodology behind the Tiered Subsidy Table

The Model is based on three factors:

- Participants' Housing Costs (including Fair Market Rent and average utility consumption)
- Voucher Bedroom Size (subsidy standards)
- Annual Adjusted Income (includes: the tier structure, rent calculation process, and tenant portion)

To establish the PHA subsidy amount for each tier:

For each bedroom size, determine the percentage of FMR that will be used as the subsidy basis

Tier One [Participants with an annual adjusted income (AAI) less than \$2000]

The % of FMR and utility costs of each Voucher Bedroom Size *minus* \$50

Tier Two through the last tier for each bedroom size

Determine the average annual adjusted income (AAI) range for each tier (note: each tier of the HACSM TST represents a \$3,000 range in AAI)

Calculate the monthly adjusted income (AAI/12)

Calculate 30% monthly adjusted income (MAI) (MAI *times* 0.30)

To determine the Tiered Subsidy amount, (% unit size FMR *minus* 30% MAI)

Research strategies:

Adjustments to the FMR and annual utility costs

The model that can be set at any rate, 95%, 98%, 110% dependent upon the local rental market, utility costs, and the determination of tenant rent burden.

Adjustments to the income range of each Tier

HACSM studied the financial effects of changing the range of each tier of the table to find the most equitable and cost neutral for the participants and HA.

For example, with subsidy set at 100% FMR,

- If the range of each tier is \$2,000 then the subsidy for each successive tier is \$50 less.
- If the range of each tier is \$3,000 then the subsidy for each successive tier is \$75 less.
- If the range of each tier is \$4,000 then the subsidy for each successive tier is \$100 less.

Adjustments to Tenant contribution

HACSM studied the financial effects of modifying the percentage of the participant's AAI contributed to their housing costs. After researching ranges of 28% - 33%, HACSM chose to continue to use "30%" of a participant's AAI.

Adjustments to the calculation of Annual Adjusted Income (AAI)

HACSM researched the possibility of setting standard deductions for medical and child care expenses but due to the low number of participants with these benefits and the substantial range of cost per participant, chose to leave traditional calculation in place.
